1	A. Yes.	1	Q. And when you say we, who are you referring
2	Q. Do you live in Montgomery?	2	to?
3	A. I do.	3	A. Michael Costanza is my husband, and he and
4	Q. And where is your residence?	4	I share ownership.
5	A. It's 161 Watson Circle.	5	Q. Has Regions University or Southern
6	Q. And do you have any current employers?	6	Christian University taken advantage of the
7	A. Regions University.	7	services offered by the Camera Rental
8	Q. Employed by anyone else?	8	House?
9	A. Armanda Costanza, Incorporated.	9	A. Well, aside from this, Blue Horizon
10	A-R-M-A-N-D-A, C-O-S-T-A-N-Z-A,	10	Pictures is a company that my husband owns,
11	Incorporated.	11	and it is a production company. And in
12	Q. Do you have any relationship with the Blue	12	doing commercials, he would rent a camera
13	Group?	13	from Armanda Costanza, Incorporated. And,
14	A. Blue Group Advertising is the company that	14	actually, that occurred prior to us owning
15	I own. I think of it more, I guess, in	15	the company. He would rent cameras from
16	being paid, like a W-2, but, yes, I guess	16	there. And now, obviously, we own it, and
17	since I get paid by Blue Group Advertising.	17	he still rents cameras.
18	Q. So let's just go through these things.	18	Q. Now, Blue Horizon Pictures is a production
19	What is your position at Regions	19	company; is that correct?
20	University?	20	A. It is.
21	A. I am the Web site designer.	21	Q. And Regions or Southern Christian
22	Q. And how long have you had that position?	22	University has used that production company
23	A. Since 2001.	23	in the past for its commercials?
	Page 11		Page 13
1	Q. Prior to that time, did you work at	1	A. Yes.
1 2	Southern Christian University?	2	Q. TV commercials or other media?
3	A. Before 2001?	3	A. TV commercials is what Blue Horizon does
4		4	for Regions University.
1	Q. Yes. A. No.	5	Q. Where is Blue Horizon Pictures located?
5		6	A. Well, we work out of two locations. 161
1	Q. And AmandaA. Armanda Costanza.	7	Watson is the home base, and then we have
7		8	500 Eastern Boulevard, Suite 117.
8	Q. Armanda Costanza. I'm never going to pronounce that correctly.	9	Q. Okay. Then the Blue Group Advertising,
9	•	10	now, that you own solely?
10	A. We call ourselves AC, Inc.Q. Okay. Good. What business is that?	11	A. As an LLC, yes. I don't know why we did
11		12	that, but I own the Blue Group, and
12		13	Michael owns Blue Horizon.
13	Tennessee, and I am the majority owner of	14	Q. And how long have you owned Blue Group?
14	that company. O. A Camera Rental House?	15	A. I would be guessing. 2002 or 2003.
15		16	Q. And Blue Group Advertising, where is that
16	A. Yes. We provide motion picture and video cameras for music videos in Nashville,	17	located?
17		18	A. Same places: 161 Watson Circle, and then
18	Tennessee, all over, you know, the	19	500 Eastern Boulevard.
19	Southeast, even in California, everywhere.	20	Q. Does Blue Group Advertising have a Web

Well, have you heard the term photoboard before? A. That's not how we use it. We just use storyboard. So, no, I've never heard of photoboard. Q. And who prepared Exhibit 44, the first page? A. I put it all together. I asked Magnetic Dreams it's a company. It's a 3-D imaging company out of Nashville, Tennessee to help me come up with storyboards. So they did this mock-up, put the world and how they would revolve it. And they put the pictures in, the ones that are in the balls. And then I went to Comstock and put

A I mean -- yes. Regions University, for

one. We sent a cease-and-desist letter and they

4 Q We certainly know about Regions 5

University and Regions Acceptance Corporation. Is б

there anybody else? 7

A Regions -- it was a domain name, regions info, regions.info.

O Regions what? 10

.info. 11 Α

Okay. Anybody else? 12

A Not -- if you show me something, I may 13

remember But I can't recall off the top of my 14

15 head.

1

2

3

6

10

Q Okay. And what were the circumstances 16

17 of regions info refusing to change?

A Well, there's a distinction between a 18

domain name versus a trademark. Our concern -- I 19

don't recall what the circumstances were. But --20

21 I'm sorry. Can you ask the question again?

22 Because I don't recall the circumstance, if that's

what the question is. 23

Page 87

Q Okay. Who was the owner of regions.info?

A I don't recall his name but it's -- the registrant -- I can't remember his name off the top of my head but it's a Greek-sounding name.

Q What business were they in, regions.info?

A If I recall, it was travel but -- I 8 don't remember off the top of my head.

Q Do you recall whether or not they had a 11 name other than the domain name? By that I mean,

that -- you know, your name might be ABC Cleaners but your domain name might be Cleaners.

A Just the registrant's name. 14

O And that was the Greek name? 15

A Yes. 16

Q Do you remember or recall where the 17

registrant was located? 18

A Overseas, I think.

19 Q Okay. Do you recall whether or not they 20

21 did business in the United States? 22

A No, I don't -- I don't recall.

Now, was there anybody who you monitored 23

and continued to monitor other than regions.info?

A There are a few of them.

Q Who are they?

A I don't know. I'd have to go back and

A Pinkney with Adams & Reese. 12

O I got Charles, is all. 13

A P-I-N-C-K-N-E-Y. 14

O In New Orleans? 15

A No. He's in Birmingham. Birmingham.

16 Q Birmingham? Was there anybody else 17

besides him? 18

A No. Anybody else besides -- I'm sorry.

A That's right. Those are the other ones that we continued to monitor.

Q Well, are there three that you continued to monitor, this Charles Pinkney being one of the three?

A No. He was a lawyer. I think Regions

Propane, Regions 2020 and -- I can't remember the 8 other one. It was Regions Home or something like 9

that. 10

Q It's what? I don't have a third one.

A Well, maybe it's just those two. 12 Q Who do you think the third one might be?

1.3 A Maybe Regions Home. 14

O Regions Home? 15

A Something like that. 16

Q Okay. There is a Regions Home? Do you 17

18 recall, in fact, there is? I recall there is. 19

A I believe there is one.

Okay. Now, I also saw a Regions Real 20

Estate in Mobile a J.D. Baxter had some 21

association with. Does that ring a bell with you? 22

A Yes.

 - A Okay. O Have you seen it before?
- 5 A I've seen this, yes. 6
- Q Okay. Do you recall when you saw it 7 approximately? 8
- A This document? 9
- O Yes. 10
- A I guess before it was --11
- O No. That's ours. 12
- A That's yours. Oh. I guess it had to 13
- have been after you filed it.
- O Have you reviewed that list of names 15 that's before you? 16
- A I've looked at the document, yes. 17
- Q Were there any names on that list that 18
- you have seen prior to the time that you saw that 19 20 document?
- A Some of them, yes. 21
- Q Which you please tell me which ones? 22
- Regions 2020, Regions Homes, Regions --23

- Q Prior to seeing that list?
- A Maybe. Maybe. I mean, I don't -- some 6 of them look familiar. Some of them don't. But 7
 - -- I mean, I know Vaughn Regional Medical Center.
- 8 O Do you understand that's a list of 9 companies in Alabama?
- 10 A Okay. Yes, I understand. 11
- Q Would you please identify on that list 12
- 13 any that you can recall that the Regions entities
- 14 wrote a cease-and-desist letter to or otherwise
- 15 contacted and had any discussion with about the
- 16 use of their name?
- A I know that there is discussions with 17
- 18 Regions 2020. Regions Home. All the Propane
- ones. I believe Regions Real Estate. That's all 19 20 I could -- that's all I can recall.
- Q Who is Sam Upchurch?
- 21
- A Sam Upchurch was an employee of 22 23 Regions. He's no longer with Regions.

- Q When did that change? Was that a
- function of the merger? 3
 - A Yeah. It was a function of the merger.
 - Q He was general counsel at one point?
 - Yeah, he was general counsel at one Α point.
- 6 When he left, was he the general counsel 7 O or some other position?
- A No. He was head of the banks or 9 something. He was in an executive business 10 position. 11
- Q Was he in a higher or lower position? 12
- A Higher. 13
- Q Immediately before he left, was he 14
- functioning in a managerial as opposed to a legal 15 16 position?
- Α 17
- You went to work for Lange Simpson in 18 Q
- 2000? 19
- A Uh-huh. Yes. 20
 - Q I have marked as Exhibit One-O-nine a

Page 137

- Yes.
- What is it?
- 2 A It's a letter from Sam Upchurch to a Mr. 3
- 4 Jordan.

1

- Q Is that a letter that you gathered or 5 helped gather in response to discovery in this 7 case?
 - A Probably, yes. Yeah.
- 8 Q I mean, it's part of the business 9

 - A Yes.
- Q Obviously, you weren't there in 1999. 12
- You weren't at Lange Simpson in 1999 so you
- couldn't have any personal knowledge about this
- letter. 15 16
 - A Right.
- Q And I'm not asking you about personal 17 knowledge. But have there been any discussions 18

familiar with because they are not typically dealt 3 4

with on the consumer side of the bank.

O I see. And who would be responsible for or who would have the knowledge with respect to the insurance part of the business?

A I don't have a name for you at the 8 corporate location. Again, it would be in 9 Birmingham. 10

O Have you always worked in Montgomery 11 County? 12

13 A Yes, sir.

5

6

7

O Mr. Dunman, let's go through the 14

category of customers that the bank services. For 15

basic banking services, who are your customers? 16

A Anyone that can get to or call or work 17

on the internet to the bank, to Regions. 18

O So there's no restriction as to who 19

would be a customer of the bank? 20

A None, whatsoever. No, sir. 21

Q Could a minor be a customer? 22

23 A With a parent's consent, yes, sir. Page 40

A It was an entity that was there that we 1

all used to carry on our ongoing internal 2

educational requirements. That is what we call 3

our educational arm of the company. 4

Q So when you were first employed by the 5 6 bank, did you go through the Regions University

7 program?

8 A That -- the Regions University was nonexistent thirty-four years ago. So --9

Okay. When did it start up as an 10 institution? 11

A I can't give you a date. Within the 12

last five years, I would say, is when that name 13

became part of our vocabulary here. 14

> Q When do you recall you first experienced the Regions University service?

A At the point that the company adopted --17 changed its name of its training program from 18

whatever it was to Regions University, we were all 19

introduced to Regions University as where we would

go for corporate training that we would encounter. 21

Q And do you recall when that was? 22

A No, sir, I don't. I don't remember the 23

Page 39

O Would the same apply to checking

1

7

3 A Yes, sir.

Q And loans?

A Correct. 5

O What about investment services? 6

A Anyone -- yes, sir. Anyone that's

eligible to request the service. 8

Q You mentioned real estate lending. What 9

is that? 10

A Primarily the commercial side of the 11

bank that deals with that would be loans for 12

construction of new housing, new homes, commercial 13

buildings, office buildings of all sorts. 14

15 Property development loans.

Q Okay. Are you familiar with the bank's 16

Regions University? 17

A Yes, sir, I am. 18

Q Have you participated in that bank -- in 19

20 the bank's program?

A Yes, sir, I have.

22 Q When have you participated in that

program? 23

21

1 date.

4

10

13

15

16

O Do you recall the name prior to adopting 2

A No. sir.

Q Okay. How often have you used the

corporate training program? 6

A A lot. It's almost a -- it's almost a 7

daily ritual to look and see what courses are 8

9 required.

O And is that ritual through online?

A Yes, sir. Most is online. 11

Q But there is some that's not online? 12

A There is face-to-face training involved,

as well, yes, sir.

Q Okay. For the online training, is it 15

necessary to have some sort of access code to get 16

to that training service? 17

A You have to sign on to your computer so 18

you use your password to get into your computer. 19

And then there may be additional passwords 20

required for registration purposes. 21

Q So you have to have a password in order 22

to access the training program? 23

A It had the responsibility for understanding the skill development needs of the workforce and working on putting programs in place to address those skill needs, responsibilities for understanding the systems that were needed out of HR, to provide management with information on performance and talent.

Q And provide -- I got systems needed out of HR. And then what was the next thing you said?

A Information on performance and talent.

Q If you left out the systems part, would what you were doing be to identify the skills that you needed to train your workforce to be able to accomplish and then develop a method of training your workforce to accomplish those skills?

2 A At last count, it was about sixty jobs that covered eighty percent of what we'd call high 3 incumbent positions.

Q What positions?

A High incumbent. It would be the jobs 6 that you had the most folks in. So tellers, 7 customer service representatives, assistant branch 8 9 managers, branch managers, group sales managers, relationship bankers, commercial bankers, trust 10

administrators, IT systems programmers, HR 11 managers, accountants, auditors. I don't think we 12

13 got into the legal force though.

Q They are hard to train, aren't they? MR. PECAU:

Like cats.

17 BY MR. HUDSON:

18 Q Was it your job attempt to improve, through training, the competency of variably all 19 of the Regions employees? 20

A I would classify that as management's 22 job. I supported management in that effort.

Q And was the training that you oversaw,

Page 15

don't know.

BY MR. HUDSON:

Q Well, when you say that you wanted to identify the skills needed, what does that mean?

A Well, what we did was develop competency models on positions, understand the competency requirements of jobs. We would go in and study then those competencies to understand high performer behaviours.

And then we would develop our training programs to try to replicate what a person needed to learn to be a high performer.

Q Okay. How would you develop the competency models?

A We developed a process that would take about three months per model. It began with basic job analysis work, where you would go out in the field, talk to folks to try to determine, you

know, the --19 20

Q I'm going to interrupt you only because I asked a question that I don't need an answer to 21 and it's going to require a lot of time. Which jobs within Regions did you develop competency coordinated or whatever you did with respect to

that training designed specifically to increase 2

the competency of the Regions workforce? 3 4

Yes, sir.

Was it designed for any other purpose? O

Α

Q Okay.. Was Regions University purely a corporate training program?

9 A I'm not sure what you mean by "corporate 10 training program".

Q Well, you had used that term earlier and 11 told us, as I remember, of a man who now has come 12 over from AmSouth and was in charge of their 13 corporate training program. 14

A You can, you know, kind of use corporate 15 training to -- I just want to make sure we didn't 16

say corporate training is just over the corporate 17 part of the bank. "Corporate" in this case would 18

19 mean the whole bank. 20

O The whole bank. A Yes.

A Not that I'm aware of.

Q Do you advertise in any way the existence or services of Regions University?

A Would you define the word "advertise?"

Q I don't know if I can. What I would do is ask you what your understanding of the word "advertising" is. And you can tell me that and then we can work with that.

17 A If it's to communicate and display 18 information about the bank in order to attract 19 individuals to join the bank, the answer would be 20 yes.

O That's the Exhibit Three?

.2 A That's correct.

Q That shows the little plant.

A That's correct. And we wanted it to be focused on Regions and not try to tie together multiple legacy institutions like AmSouth and Union Planters at a high level.

A Well, on the web, I would say we advertise worldwide.

O As does everybody on the web, I suppose. The sponsorships you're speaking of are things like the SEC, the Sun Belt, the University of Indiana, that sort of thing.

A Uh-huh. Yes.

Q And those people that are interested in a sports team that you sponsor may live in some area other than the state in which it's located. Is that the sort of thing you're talking about?

A That is, although I don't think the audience is just people interested in that team. For instance, the SEC --

O Is what?

A I don't think the audience is just people interested in that team, for instance. The 18 SEC is an extremely strong and visible conference 19 so that there's lots of folks who live in various places who have no affiliation who have some 21 interest in it. **O** Well, for instance, do you buy 23

Q When I was looking at your documents, I thought I saw some discussion about buying cable TV. And the discussion essentially said that you were doing that rather than buying in the specific states because it was cheaper overall to buy it on cable TV. Do you recall that?

A Yes.

Q Except for cable TV buys like that, do you advertise outside of the bank's sixteen-state area?

MR. PECAU: 12

THE WITNESS: 15

outside of media, we do. 21

O And how would they see your advertisement?

A They're watching the game.

Q During the course of the game, if you're 13 the bank of the SEC? 14

A Yeah. Actually, there's -- we sponsor some of the colleges, as well, and we get media in kind as part of the sponsorship. So we would run advertisements on that media.

O Now, radio. Do you buy satellite radio 19 20 coverage?

A Right now, I do not believe we're purchasing satellite. 22

Have you done it before?

Q The radio -- in what states have you bought radio coverage?

A I'd have to check on all the states.

Q Have you bought any radio coverage outside of the sixteen states in which you operate?

A Other than sponsorship media, again, the answer would be the reach has been outside of our sixteen states, but the stations would largely be 11 in the sixteen.

Q With the exception of the cable TV ads 12 13 that we talked about a moment ago, have you bought any television advertisement outside of the sixteen states in which you operate? 15

A Again, the sponsorships. And that would be both radio and television.

O Do you place outdoor advertising in 18 19 states other than the sixteen in which you do 20 business?

A Not to my knowledge, no. 21

Q Have you utilized merchandising in any 22

23 of the sixteen states outside of those in which

A I don't know for sure.

Q Do you have a belief about whether or not it was used outside of the sixteen-state area where the bank does business?

A I don't know the answer to that.

O What are the tentative plans for the use of cinema in the future?

A Well, in the near future is really the only plans we have currently, which is when we're doing name changes and putting our signs up in conversion markets, is to use cinema as part of 11 the media mix. 12

O That's in a theater?

A Correct. 14

Q When you go in and you wait for the 15 movie to start, it says "Regions Realty" or something? 17

A No. You may have seen this before. But 18 they run commercials. They'll run commercials in the cinemas now. 20

I think that's asking for a legal opinion. That's outside what the witness has been brought up for.

in there, as well. That should be a more comprehensive list.

3 MR. PECAU:

> And he was referring to Exhibit Eighty-seven.

BY MR. HUDSON:

O Has the bank, or anyone on the bank's behalf, done any studies or made any determination of how broad the reach of the advertisement that 10 is associated with sponsorships in Exhibit 11 Eighty-six and Eighty-seven is?

12 A No.

When you say that you believe that those sponsorships may constitute advertisement outside of the sixteen-state area in which the bank does business, is that speculation on your part?

A No.

Q What is the basis for you saying that?

A If a game is run on national television, 19

picked up by a major network, it's run around the 21 country.

Q And can you give me an instance of that 22 happening?

A I don't know the schedule of games in

the SEC that were picked up nationally.

Q Well, for instance, we've got the Dallas Cowboys listed on Eighty-seven.

A Uh-huh.

O If the bank has sponsored the Dallas Cowboys -- okay?

A I think what you have there is tickets.

O How would that come up during a Dallas 9 Cowboys football game? 10

A Tickets would not come up. So that's 11 not a good example. 12

Q Okay. So that's one that you just bought tickets.

A We sponsor Lincoln Financial Network for 15 16 the SEC and the individual SEC schools. We get media during those games and during the LFS or 17 18 Lincoln Financial Sports network telecast.

Now, when a University of Alabama 19 football game is telecast, for instance, what

would I expect to see as part of your sponsorship? 21

A Depending on the game, you get certain 22 rights to either advertising time or recognition 23

Page 129

as a sponsor.

• And you make an election? Do you make 2 the election of which you want? 3

A No. It's part of --

O It's in the contract?

A It's part of a contract, that's correct.

O And typically, how are those contracts 7 phrased? How are those decisions made about the 9 game?

A I haven't examined all the contracts. They're all different for the different schools.

Q In those instances when you don't have 12 advertising, when you have sponsorship, how is the 13 sponsorship portrayed typically so the TV viewer 14 15 would see it?

A Typically, that would be a mention of a sponsor of the broadcast or a team. So it would be in the name of our company, potentially a tag-on type thing. 19

• And it would say typically something like "Bank of the Southeastern Conference", or 21 22 what would it say?

A It probably would say "Regions" or the

     tag line now would be, "It's time to expect
1
     more." And, yeah, they would probably --
2
         Q Tag line would be what?
3
         A Our new tag line is "It's time to expect

5
     official bank of the Southeast Conference."
6
         Q Whatever type of message you're trying

IN THE UNITED STATES DISTRICT COURT FOR THE MIDDLE DISTRICT OF ALABAMA NORTHERN DIVISION

REGIONS ASSET COMPANY, et al.))
Plaintiffs,	
v.	Civil Action No. 2:06-cv-882-MHT
REGIONS UNIVERSITY, INC.))
Defendant.	,))

PLAINTIFFS' RESPONSES TO DEFENDANT'S REQUESTS FOR ADMISSIONS

Pursuant to Rule 36 of the Federal Rules of Civil Procedure, Plaintiffs, Regions Asset Company, Regions Financial Corporation and Regions Bank ("Regions"), respond and object to the Set of Requests for Admission (the "Requests") served by Defendant, Regions University, Inc., dated May 23, 2007, as follows.

Regions makes the objections and responses herein (collectively, the "Responses") based solely on its current knowledge, understanding, and belief as to the facts and the information available to it as of the date of the Responses. Additional discovery and investigation may lead to changes to, additions to, or modification of these Responses. Regions has not completed its investigation of all the facts relating to this proceeding and has not completed its preparation for trial. Thus, the Responses are given without prejudice to Regions' right to produce subsequently discovered information and to introduce such subsequently discovered information at the time of any trial in this action. Regions does not waive any objection made in these Responses.

GENERAL OBJECTIONS

The following General Objections apply to, and are incorporated by reference in, the Response to each and every Request. In addition to these General Objections, Regions has stated specific objections to Requests where appropriate, including objections that are not generally applicable to all Requests. Regions' specific objections to any of the Requests do not preclude, supersede, or withdraw any of the General Objections to that Request.

Regions objects to Defendant's definition of "documents" as being overbroad, oppressive and unduly burdensome. Regions defines "documents" as it is used under the Federal Rules of Civil Procedure Rule 34: "writings, drawings, graphs, charts, photographs, phonorecords, and other data compilations from which information can be obtained, translated, if necessary, by the respondent through detection devices into reasonably usable form."

Regions objects to Defendant's definition of "describe" as being overbroad and unduly burdensome. This definition is not reasonably calculated to lead to the discovery of admissible information but rather is all-encompassing and beyond the scope of discovery under Fed. R. Civ. P. 33.

In responding to the Requests, Regions does not concede that any of the information sought or provided is relevant, material, admissible in evidence, or reasonably calculated to lead to the discovery of admissible evidence.

RESPONSES TO REQUESTS

REQUEST NO. 1

Admit that you are not licensed or approved by any state agency in the state in which you do business to operate a postsecondary educational institution.

RESPONSE TO REQUEST NO. 1

Admitted.

REQUEST NO. 2

Admit that you have not applied for or received an exemption from the licensure requirements for postsecondary educational institutions in any state in which you do business.

RESPONSE TO REQUEST NO. 2

Admitted.

REQUEST NO. 3

Admit that, in connection with the operation of your employee training program, you have not applied for or received an exemption from any state agency regulating the operation of postsecondary educational institutions in any state in which you do business.

RESPONSE TO REQUEST NO. 3

Admitted.

REQUEST NO. 4

Admit that you are not authorized under your governing charter or articles of incorporation to operate a school providing educational services to the general public.

RESPONSE TO REQUEST NO. 4

Regions objects to this Request on the grounds that it is vague and incapable of precise understanding as to the meaning of "authorized," and, to the extent it seeks an interpretation of Plaintiffs' articles of incorporation, it is seeking a legal conclusion. Rule 36 of the Federal Rules of Civil Procedure allows a party to request admissions that relate to statements or opinions of fact or of the application of law to fact. This Request neither relates to statements or opinions of fact nor the application of law to fact. Plaintiffs will produce its articles of incorporation in response to the corresponding document request.

REQUEST NO. 5

Admit that, under the laws and regulations governing your operation and furnishing of banking services in the states in which you do business, you are not authorized to operate a school providing educational services to the general public.

RESPONSE TO REQUEST NO. 5

Regions objects to this Request on the grounds that it is vague and incapable of precise understanding as to the meaning of "authorized," and, to the extent it seeks an interpretation of banking laws, it appears to be seeking a legal conclusion. Rule 36 of the Federal Rules of Civil Procedure allows a party to request admissions that relate to statements or opinions of fact or of the application of law to fact. This Request neither relates to statements or opinions of fact nor the application of law to fact.

REQUEST NO. 6

Admit that your employee training program identified by the mark "Regions University" has not been approved by any regional accrediting body recognized by the U. S. Secretary of Education or the U.S. Department of Education.

RESPONSE TO REQUEST NO. 6

Admitted.

REQUEST NO. 7

Admit that you have not received authorization from any state agency in any state in which you do business to use the word "university" in the operation of your employee training program.

RESPONSE TO REQUEST NO. 7

Regions objects to this Request on the grounds that in the context of this Request the word "authorization" makes no sense and the request is meaningless and that it suggests that "authorization" from some governmental authority would be necessary to use the common word "university" for an employee training program, particularly when such term is commonly used for such programs.

Except as objected to, Regions admits that it has not sought a license or obtained

governmental permission to use the word "university" for its Regions University program.

Respectfully submitted this 25th day of June, 2007.

Regions History

Our Beginning

The history of Regions Financial Corporation includes impressive growth and a solid commitment to

The 139 - year history of Regions begins as a story of three separate Alabama banks. The First National Bank of Huntsville - although it originally had other names - has had a continuous charter since 1865. The First National Bank of Montgomery opened its doors in 1871, near the end of Reconstruction. And in 1928, Birmingham's Exchange Bank opened with \$3,000 in capital raised by the Birmingham Exchange Club (hence the name of the first bank) whose members thought Birmingham's Five Points South area needed a bank. In the 1940s, it merged with Security Commercial and became Exchange Security. It was the first bank in Birmingham to have a bank parking lot — and the first bank in Alabama to have a drive-in teller facility.

In 1970, bankers and businessmen from all three banking companies got together and proposed a daring plan — the formation of the first multi-bank holding company in Alabama. Before their plan could be put into action, these banking pioneers had to overcome legal and regulatory hurdles as well as strong opposition from the banking industry in Alabama. But finally, in 1971 the Huntsville, Montgomery and Birmingham banks joined together to form Alabama's first multi-bank company, called First Alabama Bancschares, Inc. In 1994 the company became Regions Financial Corp. to better reflect its growing presence throughout the South.

Today

As a regional force in banking and financial services, Regions works to help customers and communities realize their dreams by anticipating, understanding and meeting financial needs through effective solutions. Regions Financial Corporation and you - better together from the start.

The company had some \$85.3 billion in assets as of June 30, 2005. Serving some 5 million customers throughout the South, Midwest and Texas, Regions is a full-service provider of retail and commercial banking, securities brokerage, mortgage, and insurance products and services.

Regions common stock is traded on the New York Stock Exchange under the symbol RF. Regions is ranked in both the Fortune 500 and the Forbes 500 listing of America's largest companies. For the latest information, visit our Internet Website at www.regions.com.

Regions Fact Sheet Continued

History:

Regions Bank began as three separate Alabama-based banks: The First National Bank of Huntsville (chartered in 1856), the First National Bank of Montgomery (opened in 1871) and the Exchange Security Bank of Birmingham (opened in 1928), all of which enjoyed success from the very beginning.

In 1971, the presidents of the three banks saw a need for a multi-bank holding company, and united under the name First Alabama Bancshares. A year later, the new bank entered into the mortgage business with the acquisition of Real Estate Financing. In 1987, First Alabama crossed state lines with an acquisition in Milton, Fla. By 1994, its footprint had expanded to cover seven states, and the more appropriate Regions name was adopted.

Since then, the growth has continued. By 2001, Regions made several other acquisitions, including Rebsamen Insurance and Morgan Keegan & Co.

More recently, in 2004, Regions Bank and Tennessee-based Union Planters Bank, announced a merger. Today, Regions provides everyday confidence to five million customers throughout a 16-state footprint.

Regions Vision:

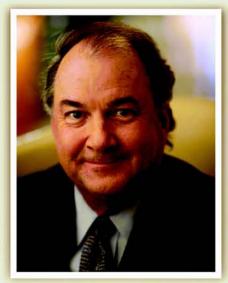

To help its customers and communities realize their dreams by anticipating, understanding and meeting financial needs through responsive associates — who have the ability to build effective solutions.

Southern Christian University 8604 **EXPENSES: UNDERGRADUATE EXPENSE**

EX1. FULL-TIME TUITION, FEES, ROOM AND BOARD List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2006-07 academic year. A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters or trimesters, three quarters, or the period covered by a four-one-four plan. Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees.) Do not include optional fees (e.g., parking, laboratory use). Expenses reported last year by your institution have been preprinted in the grids below. Please be sure to report the most recent full- and part-time tuition and fees and housing data.

Please feel free to attach a complete tuition and fee schedule in lieu of updating this question.

- a. If 2006-07 official expense figures are not yet available, on what date will they be available?
- b. Specify the typical number of units (i.e., credits, courses) taken by a full-time undergraduate student in a FULL academic year: 24 credits
- c. If undergraduate charges are not reported in U.S. dollars, specify the applicable currency:

Board of Regents Meeting

Southern Christian University

Fiscal Year July 1, 2005 to June 30, 2006

Date of Meeting: September 26, 2005

A Call to Order:

- Chairman Roger Dill called the meeting to order.
- Chairman Roger Dill led a special prayer for the Hugh Wyatt family in the loss of Jean
- Roll Call—those in attendance:
 Roger Dill, Dan Myers, Martin Anderson, Byron Benson, S.G. Gray, Don
 Pate, Jesse Russell, Bobby Terrell, E. J. Turner, Rex Turner, Jr., Hugh Wyatt
- A quorum was present for the meeting.
- Anita Crosby read the minutes for the secretary Brother Dan Myers for the spring May 27, 2005 meeting. The minutes were approved by the regents as read.

Anita Crosby, chief accountant, presented the following:

- Fiscal Year 2005 Audited Financial Statements
- Fall enrollment growth reports.

President Turner Gave An Overview of the University:

- President Turner reported on the evolution of the university. He discussed the following:
 - Our distance learning program began in 1993 through the use of video

- 1999—SCU was selected as one of fifteen initial participants in the Distance Education Demonstration Program by the United States Department of Education
- Progress on our 185 acres
- President Turner discussed enrollment trends and rationale for considering a name change
 - Needed to increase enrollment in areas such as business in order to support our degrees in the Turner School of Theology:
 - Discussion concerning offering courses online in China. The Chinese Embassy would not grant permission because we had "Christian" in our name
 - The name "Christian" does not serve our business degrees well. We have two and a half years remaining on our Title III grant—after that the salaries that are currently being paid out of the grant will be paid out of our operating budget
 - There is a possibility of beginning an online law school in California. This would be approved through an exemption in the law
 - President Turner discussed the feasibility of changing our name to
 Masters University within Southern Christian University. The Turner
 School of Theology would continue to exist as a school within the
 university. We would not change our mission.
 - This highlights our need—we need a for-profit type name that is a broad name. This would bring in students that would help fund the degrees in the Turner School of Theology
- President Turner assured the Board that he was totally committed to the PhD in Biblical Studies—a name change would help make the PhD in Biblical Studies a success. He reported that he has discussed the possibility of a name change with the PhD in Biblical Studies faculty. President Turner reminded the Board of his stand on baptism being essential for salvation. He believes that if we just teach the Bible, the rest will take care of itself.
- President Turner updated the Board on new computer programs Southern Christian University is purchasing for Student Information Systems. We will be writing a check for \$260,000 to SCT for computer programs this week. We are purchasing PowerCampus (Microsoft-based), PowerFAIDS for Financial Aid and Great Plains for bookkeeping. It will also cost approximately \$250,000 for installation this year. In addition, there will be a \$55,000 per year charge for maintenance.

- Dr. White is currently working with recruiting
- We will be making application in Arizona—thousands of students are leaving Arizona to go to faith-based universities
- We are considering a fundraiser from York College who has done an excellent job in raising money
- Dr. Alford is working on a substantive change for an Associate of Arts degree
- We are considering offering a PhD in Business Leadership
- President Turner presented the University's Mission Statement, Goals, and **Purposes**
- President Turner presented the University Master Plan

Board of Regent Comments:

- Beau Greer indicated that he favored a name change. He understood that there were limitations with our current name. If we could broaden our non-Biblical programs, this will help us to broaden our Biblical programs. We need to consider what will be the future of this institution if we do not change our name
- S.G. Gray stated that he felt that Southern Christian University was limiting
- President Turner reported that no official action is to be taken by the Board at this time—he is just making them aware that we need to consider a name change in the near future
- Beau Greer reported on the mining
- Martin Anderson stated that we should consider James Watkins as a Board Member—it was discussed that the Board Policy must be followed
- Hugh Wyatt expressed his appreciation for the outpouring of love for Jean and the family from the Board members.

Board of Regents Discussed, Reviewed and/or Approved the Following:

- Minutes from the May 27, 2005 Board of Regents meeting
- Audited SCU Financial Statements July 1, 2004 to June 30, 2005
- SCU's Mission S-tatement Goals, and Purposes
- Southern Christian University Master Plan

Discussion

There was a lengthy discussion of the feasibility, need, and rationale for changing the name of Southern Christian University. Some of the reasons cited were: (1) A lot of colleges and universities have South or Southern in their name; (2) We have South University which is a local

University which causes confusion; (3) SCU is planning to go to Arizona and Nevada and the Southern Christian University name will not work well in that region; and (4) We have run into problems with such countries as China and Russia with *Christian* in our name—we wanted to teach business courses in China.

The Board of Regents also cited that they understood the need, but felt that some might not like taking "Christian" out of the name. An observation was, however, made that several of our Christian universities have already done so—such as David Lipscomb University and Freed Hardeman University.

Some of the Regents felt that *Turner University* should be considered, but it was noted that some might think that it was named after Ted Turner rather than the founders Rex and Opal Turner. *Masters University* had been mentioned as the name, and after much discussion it was ultimately recognized by the majority as being the best name presented—knowing that this is not an easy decision!

After three hours of discussion Beau Greer made a motion as follows: "That the Board of Regents on this day has formally given approval to the president of Southern Christian University to proceed with getting the *Masters University* name officially registered, and that when this is accomplished the Board of Regents will reconvene to make a final decision to rename the institution to *Masters University*." Raymond Elliot seconded the motion and all

Discussion

Jesse Russell led the opening prayer.

The minutes of the December 16, 2005 meeting were read.

President Turner reported that we made a request to register the name Masters University in December. This will take seven to eight months—there is a backlog in Washington.

President Turner read the resolution that our attorney prepared. He reported that we are not ready to officially change our name, but Board approval is needed so that we can secure email and a domain. The resolution will give the President approval to choose when to officially make the name change. It will not become official until we change our incorporation and send notice to the Southern Association of Colleges and Schools. We will not officially change our name until we have a trademark.

It was discussed that many things will need to be done before the official change: sign on the building, emails, advertising, etc. In addition, if we run into any problems, the name will not be changed.

There was also a discussion on our application with Arizona. Arizona requires the Social Security Numbers of all of our Board members. Some Board members stated some concern over providing this information. President Turner reported that he had Dr. John White contact the state of Arizona to verify that all Social Security Numbers had to be provided. They indicated that they would not grant a license if we failed to provide one number. It was discussed that since 9/11, the providing of information has changed. President Turner reported that the state of Arizona was obligated to protect our information and that

we had no choice but to provide it. All board members stated that they would provide the information.

There was further discussion concerning changing our name. Some board members indicated that they wished we didn't have to change our name, but at the same time understood the need to do so.

It was discussed that "Southern" in our name was also limiting. Not only are we online in all states, but we are pursuing a physical presence in other states such as Arizona and Nevada

President Turner stated his appreciation for some board members indicating that the name of the university should be Turner in honor of his parents, but didn't think that this would be the best decision in the scheme of things. He indicated that we could recognize Rex and Opal Turner when we move to the new campus.

Hugh Wyatt stated that he felt the new name was a good idea. He wanted to make sure that our mission would not change. President Turner stated that our mission was not changing. Masters University represents Jesus, the Master teacher

It was discussed that Turner School of Theology will still exist. We will still own the name Southern Christian University.

RESOLUTION

WHEREAS, Southern Christian University, Inc., has for some years operated under the name Southern Christian University; and,

WHEREAS, it is important that Southern Christian University increase its attractiveness to potential students, not just regionally, but also nationally and internationally, and thereby maximize educational opportunities and achievements; and,

WHEREAS, changing the institution's name will also assist the University in projecting itself as a nationally recognized university of prominence;

NOW THEREFORE BE IT RESOLVED THAT Southern Christian University, Inc. does hereby resolve that the name of the University is changed to "Masters University, Inc.";

BE IS FURTHER RESOLVED THAT this name change shall become effective on or before December 31, 2006, as determined by the President and evidenced by the President's letter to the Chairperson of the Board, to be recorded in the minutes of the Board meeting next occurring thereafter;

BE IT FURTHER RESOLVED THAT President Rex Turner, Jr. is hereby authorized to, acting on behalf of the Corporation and its Board, cause the proper State and County authorities to be notified of this name change, register (with or without the additional signature(s) of Board officers) the new name with the appropriate governmental officials and offices, protect the University's use of the new name from infringement and use by others, and take such other action he deems appropriate and consistent with the University's best interests; and,

BE IT FUTHER RESOLVED THAT President Turner is also hereby authorized to, for a period of one year after the name change becomes effective, take such action as he deems necessary or proper in order to effectuate a smooth transition in the use of University names, including but not limited to the use of either or both names in ongoing agreements, registrations, or otherwise.

DONE this the 1744	day of	MARCH	, 2006.

Minutes:

Item 1--Reinstatement

There was a discussion concerning when reinstatement is required. It was discussed that a student that was out over a year must be reinstated to the university. The student will then be placed into a current degree program. A reinstatement is done to ensure that any new requirements are met by the student. A student should not be placed in an old degree program, but should be placed in a current degree program.

Item 2—International Students

There was a discussion concerning whether or not students needed an I-20 if they remained in the home country (for example, China).

It was discussed that the INS rules only applied to students that would be coming to the United States to study.

It was stated that we needed to be absolutely sure we interpreted the INS rules correctly before we started registering students from other countries.

Decision: Dr. White will check will our attorney for a ruling.

See:-1859-000 Division Survey

Survey

Item 3—Discussion of Associate of Arts degree, certificate.

There was a discussion concerning a 48 hour degree in Conflict Resolution.

Dr. White stated that we may not need to submit this to SACS. This degree was worthy of discussion.

Item 4-Asterisk grade policy

There was a discussion concerning the new asterisk grade policy. This needs to be in place Fall semester. Dr. White will work with Anita, Dr. Patterson and Laina on a form. Rick Johnson will get with Elaine Tarence to make sure that the new policy is in the syllabi. There will be an SCU Coordinating Office. A form needs to be online and in the syllabi. The withdrawal policy also needs to be in the syllabi.

Item 5-Half-time

There was discussion concerning how we state half-time for the undergraduate programs.

Decision: We will state half-time as being 6 semester hours. We may add 1 or 2 hour courses.

Item 6-3.0 requirement

There was discussion concerning the ATS requirements. Dr. White reported that ATS does not have specific requirements in this area.

Decision: the 3.0 requirement for the M.A. in Behavioral Leadership in Management, the M.A. in Biblical Studies and the M.A. in Practical Theology will pertain only to the counseling courses.

Item 7—Concentrations

There was a discussion concerning concentrations.

Decision: We do not have any concentrations. All reference to concentrations will be removed from the catalog.

Item 8—ATS Residency Requirements

There was a discussion concerning ATS residency requirements. We will need to change to 1-year and 2-year residency, rather than 18 hours, etc. The new requirement states that a majority must be in residency.

Decision: We will make the appropriate changes when we submit our self-study. We may need to create another college.

Item 9-New Courses

Dr. Patterson submitted proposed new courses: Archadian Grammar (Graduate); Archadian Reading (Graduate); Speech (Undergraduate); Hieroglyphics.

Also, Dr. Patterson proposed moving Spanish courses from SP to FD.

Decision: Above recommendations were approved.

Item 10-Catalog

Decision: The catalog was approved.

Item 11-Masters University

Dr. Rex reported that we have run into a problem with Masters University. We have a patent attorney in Washington. There is another university that has Masters in its title. There could be an appeal to the patent office. This will probably add 2 months to the process—this will delay our roll-out.

Item 12-GPA

Rosemary Kennington reported that our current program calculates the gpa using 4 digits. PowerFAIDS only holds 2 digits. Rosemary proposed that we change our gpa policy to be rounded to the nearest 100th, calculating from fall forward. This would be the same for academic and financial aid.

Decision: The policy was approved as proposed.

Cir. 1987); In re Abcor Development Corp., 588 F.2d 811, 200 USPQ 215 (CCPA 1978); In re Venture Lending Associates, 226 USPQ 285 (TTAB 1985). It is not necessary that a term describe all of the purposes, functions, characteristics or features of the services to be merely descriptive. It is enough if the term describes one attribute of the services. In re H.U.D.D.L.E., 216 USPQ 358 (TTAB 1982); In re MBAssociates, 180 USPQ 338 (TTAB 1973).

The applicant has applied to register the mark MASTERS UNIVERSITY in standard character form for use in connection with "education at the university level." See the attached dictionary evidence retrieved from the Internet

Based upon this evidence and the legal standards as set forth above, the examining attorney concludes that the proposed mark is merely descriptive of the applicant's services. It appears that the applicant is a masters university. Accordingly, the mark is refused registration on the Principal Register under Section 2(e)(1) of the Trademark Act.

If the applicant is not a masters university and the idea conveyed by the mark is false but plausible, then the mark is deceptively misdescriptive and also unregistrable under Trademark Act Section 2(e)(1), 15 U.S.C. Section 1052(e)(1). In re Woodward & Lothrop Inc., 4 USPQ2d 1412 (TTAB 1987); In re Ox-Yoke Originals, Inc., 222 USPQ 352 (TTAB 1983).

Although the examining attorney has refused registration, the applicant may respond to the refusal to register by submitting evidence and arguments in support of registration. If the applicant chooses to respond to the refusal to register, the applicant must also respond to the following informalities.

INFORMALITIES

Recitation of Services

The recitation of services is unacceptable as indefinite. TMEP section 1402.11. The applicant must amend the recitation to clarify the exact nature of the services. The applicant may adopt the following recitation, if accurate:

Educational services in the nature of courses at the university level, in INT. CLASS 41.

To the extent the recitation of services suggested above is incomplete or inaccurate, the applicant is advised that the Trademark Acceptable Identification of Goods and Services Manual is accessible via the USPTO homepage at the following address:

http://www.uspto.gov/web/offices/tac/doc/gsmanual/.

Please note that, while an application may be amended to clarify or limit the recitation, additions to the recitation are not permitted. 37 C.F.R. Section 2.71(a); TMEP section 1402.06. Therefore, the applicant may not amend to include any services that are not within the scope of the services recited in the present recitation.

Request for Additional Information

The nature of the services is not clear from the present record. In order to allow proper examination of the application and to determine whether all or part of the wording in the mark is merely descriptive in relation to the services, the applicant must submit samples of advertisements or promotional materials for the services or services of the same type.

If such materials are not available, the applicant must indicate so for the record and describe in detail the nature, purpose and channels of trade of the services on which the applicant has asserted a bona fide intent to use the mark. 37 C.F.R. Section 2.61(b); TMEP sections 1103.04 and 1105.02.

Trademark Rule 2.61(b) states "The examiner may require the applicant to furnish such information and exhibits as may be reasonably necessary to the proper examination of the application". The Trademark Trial and Appeal Board has upheld a refusal of registration based on the applicant's failure to provide information requested under this rule. *In re Babies Beat Inc.*, 13 USPQ2d 1729 (TTAB 1990)(failure to submit patent information regarding configuration).

Name Change

There was a discussion concerning Masters University. It was reported that we were about to announce the name change about a week ago. It was then brought to the attention of our trademark attorney that there was a Masters College of Bible. Our trademark attorney, Jim Schlesinger, recommended that we not change to Masters University. He indicated that they could contest it and that could pose a serious problem.

Our trademark was then asked to research the registerability of three possible names: (1) Turner University, Rex University and Regions University. A copy of the research is attached.

Turner University was mention in honor of the founders. There was some doubt as to the registerability of this name for educational purposes.

Rex University was registerable—Dr. Rex indicated that this would not be the best name for the institution.

Regions University was registerable. This went along with our mission of going into all the regions of the world to preach the gospel. Acts 13:49 was mentioned.

All agreed that this name would be appropriate for two reasons: one for our heritage and mission of going into all the world; the other is due to the fact that we are a distance learning institution and are in all regions of the United States and are going into other regions of the world.

Subject: Service Mark searches-TURNER UNIVERSITY, REX UNIVERSITY and REGIONS UNIVERSITY

Dear Dr. Turner:

Pursuant to your request, we conducted searches of the United States Patent and Trademark Office (USPTO) records in an effort to determine registrability of each of the above identified marks, for use in association with educational services at the post-secondary level. The searches were performed on our about July 26, 2006, and at the time the searches were conducted, the USPTO records were current through July 12, 2006.

A full report, including copies of the references developed will be mailed to you. Please be advised as follows:

TURNER UNIVERSITY

The references developed include multiple registrations issued to companies associated with Ted Turner for a wide range of products and services, including TURNER, for television programing; TURNER LEARNING, for the production of educational programs designed for school use; TURNER SOUTH, for entertainment and education services; and an expired mark, TURNER ADVENTURE LEARNING, for education and entertainment.

Based on the results, there exists the possibility that the USPTO may refuse registration of your proposed mark on grounds of a likelihood of confusion as to sponsorship or affiliation with one or more of the marks noted above. While there are good arguments which may be presented in favor of the registrability of your proposed mark, there remains some doubt concerning the ability to register TURNER UNIVERSITY, for educational services in light of the registrations developed.

REX UNIVERSITY

Our search did not find any conflicting marks. The closest registration developed is the mark, REX READER, for educational services, namely, providing elementary level reading activities. We believe we can distinguish this mark from your proposed mark. Accordingly, the mark, REX UNIVERSITY, appears to be registrable at this time.

REGIONS UNIVERSITY

The search developed variations of the term "regions" for various educational services. These include the following:

- 1. REGION 4 EDUCATED SOLUTIONS—for conducting educational training for educators at primary and secondary level schools;
- 2. REGIONAL CONNECTS—for conducting events for career development services for executive women in the food service industry;
 - 3. NORTH CENTRAL REGIONAL EDUCATIONAL LABORATORY-for education services;
 - 4. REGIONAL LEADERSHIP INSTITUTE-for providing classes, seminars, etc in the field of leadership;
 - 5. REGIS UNIVERSITY-educational services (university level);
 - 6. REGENT UNIVERSITY-educational services (university level);

- 7. REGAL UNIVERSITY-educational services (university level); and
- 8. REGENTS OF THE UNIVERSITY OF MINNESOTA-educational services (university level).

The records suggest that your proposed mark is registerable. The term "region" is used in a geographic context in the first four marks listed above, suggesting weakness in the strength of these marks. The remaining marks evidence weakness in marks which are otherwise different in spelling, pronunciation, or meaning.

The sophistication of the consumer or user of higher educational services reduces the likelihood that confusion would result from the concurrent use of the marks in question. Based on the results of the search, we are of the opinion that the mark, REGIONS UNIVERSITY, is registerable for educational services, namely, providing instruction at the university level.

In conclusion, the marks, REX UNIVERSITY, and REGIONS UNIVERSITY, appear to be registrable. Please consider filing applications for one or both of these marks at this time.

Very Truly Yours.

RESOLUTION

WHEREAS, Southern Christian University, Inc., has for some years operated under the name Southern Christian University; and,

WHEREAS, it is important that Southern Christian University increase its attractiveness to potential students, not just regionally, but also nationally and internationally, and thereby maximize educational opportunities and achievements; and,

WHEREAS, changing the institution's name will also assist the University in projecting itself as a nationally recognized university of prominence;

NOW THEREFORE BE IT RESOLVED THAT Southern Christian University, Inc. does hereby resolve that the name of the University is changed to "Regions University, Inc.";

BE IS FURTHER RESOLVED THAT this name change shall become effective on or before December 31, 2006, as determined by the President and evidenced by the President's letter to the Chairperson of the Board, to be recorded in the minutes of the Board meeting next occurring thereafter.

BE IT FURTHER RESOLVED THAT President Rex A. Tumer, Jr. is hereby authorized to, acting on behalf of the Corporation and its Board, cause the proper State and County authorities to be notified of this name change, register (with or without the additional signature(s) of Board officers) the new name with the appropriate governmental officials and offices, protect the University's use of the new name from infringement and use by others, and take such other action he deems appropriate and consistent with the University's best interests; and,

BE IT FUTHER RESOLVED THAT President Turner is also hereby authorized to, for a period of one year after the name change becomes effective, take such action as he deems necessary or proper in order to effectuate a smooth transition in the use of University names, including but not limited to the use of either or both names in ongoing agreements, registrations, or otherwise.

DONE this the 28th day of July, 2006.

IN WITNESS WHEREOF, the Chairman and Secretary of the Southern Christian University, Inc. Item 1 - Regions University

Dr. Rex reported that the Board of Regents approved the name change on Friday, July 28th. It was brought up that Regions Bank has an internal "Regions University".

Dr. White contacted the trademark attorney's office to ensure that this would not pose a problem. We were assured that the industries provided different services, and that the bank's "Regions University" was not a public university, and that this would not be a problem.

We would proceed this week with the filing of appropriate documents relative to the name change.

SUPERIOR OF THE SUPE

Dear Students, Faculty and Staff

I am happy to amounce that on August 2, 2006 the Board of Regents of Southern Christian University changed the institution's name to REGIONS UNIVERSITY. This name change was made, in part, as a result of the university's increased presence in the global higher education market and the institution's Christian mission.

This new name does not constitute a change in the university's nonprofit status, ownership, Statement of Faith, accreditation, management, institutional mission, or program offerings. The Board of Regents of the university, after reviewing its global plans for the institution, determined that a name change would enhance the institution's opportunities as it expands its educational and religious heritage of Going into all the world.

Sincerely Yours,

Rex A. Turner, Jr., Ed.D. President Regions University [Formerly named Southern Christian University]

NAME CHANGE LETTER

On August 2, 2006, the Board of Regents of Southern Christian University changed the institution's name to REGIONS UNIVERSITY. They determined that this name would enhance the university's opportunities and would complement the purpose and vision of this university as it accelerates its educational and religious heritage of Going into all the regions of the world.

The vision of this university is to expand its operations throughout the United States and internationally. The university is licensed and operating in the State of Tennessee and is in the process of seeking licensure in Arizona, Nevada, South Carolina, and North Carolina. An online Bible teaching program is presently being implemented for the people of Italy in the Italian language, and similar strategies are now being considered for other foreign countries.

The name Southern has been restrictive due to its geographical and political restraints, The university's regions of influence and operation are minimized within the western and northern United States and internationally. In foreign countries, Southern poses unique naming problems. On many occasions our faculty experienced the limiting access of the name as they taught in the regions of the former Communist Russia.

As you may know, changing the name of an accredited university is thought provoking and monumental. A trademark attorney was retained to assist in this process and to help determine the trademark registrability of several potential university names. The Board of Repents used this critical information in its deliberations.

The board naturally reviewed naming the institution after its founders, Rex and Opel. Turner. History records that several of our sister Christian institutions, such as: Lipscomb University, Freed-Hardeman University, and Harding University were most appreciative of their founders' biblical knowledge, example, and sacrifice, and as a result named their institutions after the founders. This board gave similar genuine consideration and appreciation for Turner University, but was diverted upon learning that Ted Turner's corporations posed trademark registration naming issues.

Regions University was also considered. The attorney's trademark search revealed: "we are of the opinion that the mark, Regions University, is registerable for educational services, namely, providing instruction at the university level." As well, a search for email domains positively disclosed the availability of www.regions.edu and www.regionsuniversity.edu.

One important consideration, with the board, was that this name reflects the founders' vision and goal of having a "school without walls" that could provide accredited quality academic and Christian education to all regions of the world. The founders spent a

EXHIBIT

lifetime in service, traveling to all regions of the United States "To preach the gospel in all regions beyond you..." 2 Corinthians 10: 16. In appreciation for Rex and Opal Turner's lifetime service, you should know that in 1999 the board named one of the university schools Turner School of Theology.

The word Regions is used over seventy times in the Bible, and it corresponds to the institution's mission to go into all the regions of the world with the message of Christ. The university has 33 academic degree programs and annually enrolls over 1000 students who reside in all of the regions of the 50 United States. The university's expansion into the international global higher education markets will provide an open door opportunity in restrictive foreign countries, like China.

In light of all favorable information presented, the board approved renaming the institution to Regions University and authorized the creation of a new seal bearing an etched image of its founders and the new words Regions University. The board approached this decision with a united commitment to implement its institutional plans.

The university is entering its 40th year of operation and this name change does not alter its ownership, accreditation, institutional mission, or commitment for its *Positive Statement of Faith*. The fact that this institution is the first university among the fellowship of the Churches of Christ to offer an accredited *Ph.D. degree in Biblical Studies* speaks volumes about this institution's commitment to continue the founders' example of training laborers who make known the gospel of Christ in all regions of the world.

The purpose for which this university was founded will now have a better opportunity to expand into all regions of the world with the Regions University name. The university has the accreditation, the technology, the leadership, the faculty, the student body, and a well-built infrastructure to implement and accomplish this task!

Regions University has no debt and has valuable commercial property, a total of 195 acres, in two Alabama locations in Macon and Montgomery Counties on interstate I-85. To implement the vision before us, it will necessitate the cooperation, involvement and united support of the board, alumni, administration, staff, faculty, students, and friends.

Your interest in and support of Southern Christian University in the past is deeply appreciated, and your continued prayers and support of this university are respectfully solicited as we endeavor to maintain and expand its mission under the new banner, Regions University. Please, continue your moral and financial support for this important cause!

Sincerely Yours,

Rex A. Tumer, Jr., Ed.D. President

Dear Dr. White and Dr. Turner:

Thanks for the info. And good luck with Regions.

I am quite surprised at the total shock of such a massive change with no advance warning here for us as it regards our services and support. We will do what we can as soon as we

We are up to our eyeballs in projects, issues, problems, staffing, and anything else that you could name. We are concerned about the quick date that you gave us as regards both the Website changes and particularly the student ID/format changes. But with our semester opening in less than 2 weeks here at UAH in addition to many other pressing matters, I am not certain how many more priorities I can put on top of the dozens of existing ones that I have already assigned! Mr. Johnson:

thanks for your e-mail but as an alumnus of S.C.U. I really hate to hear that the name has been changed again. The continual changing of names may cause doubt in the minds of the public as to the legitimacy of our degrees. Furthermore, as much of the Church of Christ brotherhood has often not understood just who/what our school is, if they even realize it exists as a Church of Christ school, this name change will make that situation even worse because alums such as myself will now have to explain yet another variable in the mix of ACSR/SCU/ and now RU????

Also, this new name demonstrates nothing about the school being a seminary or Christian institution. Why was "Regions" chosen? Did Regions Bank make a donation? I certainly hope something that shallow is not the reason. This school needs to be serious about being a Christian institution of biblical scholarship first rather than being a business first that continually seeks a new marketing

Dear Sir or Madam,

We've received your contact information from the Career Center Program Manager Liaison to the College of Arts & Sciences and the Honors College

Attached you will find a brochure for each of our programs in Bible undergraduate through Ph.D. We hope you will share this information with students who are seeking degrees in Bible.

Anyone interested may inquire about these programs by going to our homepage... http://www.regions.edu. Once there, have them just fill out the form found at the Request for Information link, on the homepage. Two things will then occur: First, the prospective student will immediately receive the requested brochures; and second, contact information from an advisor will be given for addressing additional questions.

History, Mission and Organization of Regions University

The accrediting organizations require that a member institution state its Mission, and define its Purposes and educational Goals. The institutional Mission with its Purposes and Goals must address all components of an institution, including research and public service. An institution's practice must coincide with its official posture described in its official publications. It is incumbent upon each institution to study its purpose in light of its internal changes and the changing needs of its educational market.

The "quality of education" is of primary concern. The old assumption, that if an institution has certain resources and uses certain processes, quality will occur, is not accurate. Research studies have shown that quality does not come from just resources and processes. Quality is identified when an institution evaluates the result of its educational program and uses its findings to make improvements.

In accordance with the results of these studies, the successful use of its faculty, educational support services, physical plant and fiscal resources will help Regions University in achieving its established goals. Careful planning, continuous study of Regions University's mission, purposes, policies, procedures and programs, and analysis of the evaluation process are of central importance in the development and improvement of the University's educational programs and services.

Mission, Purposes, and Goals

REGIONS UNIVERSITY MISSION STATEMENT

Regions University is an independent, coeducational institution dedicated to the spirit of its Christian ideals and heritage. Regions University's mission is to prepare men and women, through a commitment to academic excellence and spiritual vitality at the undergraduate and graduate levels, for a lifetime of learning, leadership, and service to the professions, society, church, and family.

INSTITUTIONAL PURPOSE

In keeping with its Christian heritage, Regions University provides educational opportunities through five schools: (1) College of Business and Leadership, (2) College of General Studies, (3) School of Human Services, (4) Turner School of Theology, and (5) School of Continuing Education. Each of these schools has its own special purpose within the overall purpose and institutional goals of the University.

Purpose of the College of Business and Leadership

The purpose of the College of Business and Leadership is to provide instruction and training on the undergraduate and graduate levels as well as prepare students for careers and professions that provide support and services for the well-being of individuals, family, or society. Within this purpose, the College of Business and Leadership provides bachelor-level degree programs that include the Bachelor of Science in Business Administration - General Business Concentration, Bachelor of Science in Business Administration - Information Communication Concentration, and the Bachelor of Science in Business Administration -Information Systems Management Concentration as well as graduate-level degree programs that include the Master of Science in Leadership and Management and the Master of Arts in Behavioral Leadership and Management. All of these programs are designed within the mission of the University for preparing men and women, through a commitment to academic excellence and spiritual vitality, so that they can serve in their chosen vocations in the church, community, or society. Also, the programs in the College of Business and Leadership provide a foundation that prepares undergraduate students for graduate study and graduate students for advanced study.

Additionally, the University provides a program of continuing education, through the Regions University School of Continuing Education, for those who are not pursuing degrees.

Purpose of the College of General Studies

The purpose of the College of General Studies is to provide instruction and training on the undergraduate level for Christian ministers and religious workers as well as prepare students for careers and professions that provide support and services for the well-being of individuals, family, and society. Within this purpose the College of General Studies provides degree programs in a variety of areas including Associate of Arts in Liberal Studies, Bachelor of Science in Ministry/Bible, Bachelor of Science in Biblical Studies, Bachelor of Science in Management Communication, Bachelor of Science in Public Safety and Criminal Justice, Bachelor of Science in Public Safety and Homeland Security, Bachelor of Science in Public

Safety and Business/Organization Security, Bachelor of Science in Liberal Studies, Bachelor of Science in Human Development, and the Bachelor of Science in Human Resource Leadership, . All of these programs are designed within the mission of the University for preparing men and women, through a commitment to academic excellence and spiritual vitality at the undergraduate level, so that they can serve in their chosen vocations in the church, community, or society. Also the programs in the College of General Studies provide a foundation that prepares students for graduate or advanced study. Many of the Regions University graduates of the College of General Studies choose to continue their studies at the Regions University School of Human Services or the Regions University Turner School of Theology.

Additionally, the University provides a program of continuing education, through the Regions University School of Continuing Education, for those who are not pursuing degrees.

Purpose of the School of Human Services

The purpose of the School of Human Services is to prepare students for careers and professions that are dedicated to providing support and services for the well-being of individuals, family, church, and society in the spirit of Christian services. This purpose will be accomplished by providing students with an interdisciplinary learning and serving experience with core courses and focused knowledge and skills in several disciplines that include, but will not be limited to, family therapy, business, and human communications. Degrees offered include the Master of Science in Pastoral Counseling, Master of Science in Ministerial Leadership, Master of Arts in Marriage and Family Therapy, Master of Arts in Professional Counseling, Master of Divinity in Marriage and Family Therapy, Master of Divinity in Professional Counseling, Master of Divinity in Pastoral Counseling, Master of Divinity in Ministerial Leadership, Doctor of Ministry in Family Therapy I, Doctor of Ministry in Family Therapy II, Doctor of Philosophy in Marriage and Family Therapy, and Doctor of Philosophy in Professional Counseling.

Additionally, the University provides a program of continuing education, through the Regions University School of Continuing Education, for those who are not pursuing degrees.

Purpose of the Turner School of Theology

The Regions University Board of Regents chartered the Turner School of Theology in 1999 in profound appreciation of Rex and Opal Turner, founders of the University. The Board deemed it appropriate to establish a School of Theology in their name to honor and recognize the personal labors and sacrifices made by Rex and Opal Turner for the cause of Christ. Dr. Rex Turner, Sr. was an avid student of the word of God and well known for his biblical scholarship, administrative acumen, tireless efforts, and commitment to training church leaders, ministers, and Bible teachers for a world that needs Christ.

The purpose of the Turner School of Theology is to provide for the educational development of qualified persons to be effective Christian ministers, church leaders, teachers, and scholars who will use their gifts and knowledge in proclaiming the gospel, strengthening the church, and serving humanity. To accomplish this purpose, the School seeks to prepare students for the ministerial and teaching professions and for effective voluntary Christian service through both academic and practical studies on the graduate level. The programs of instruction are biblical in orientation, scholarly in intellectual preparation, and relevant to contemporary life in application. These programs include a strong emphasis in biblical studies, supported by studies in such fields as biblical languages, church history, systematic theology, homiletics and communication, religious education, professional ministerial studies, and missiology.

Degrees offered include the Master of Arts in Biblical Studies, Master of Arts in Practical Theology, Master of Divinity, Doctor of Ministry, and the Doctor of Philosophy in Biblical Studies.

Additionally, the University provides a program of continuing education, through the Regions University School of Continuing Education, for those who are not pursuing degrees.

Purpose of the School of Continuing Education

The purpose of the School of Continuing Education is to provide participating students with quality and timely continuing education experiences for professional development and life enrichment purposes. These programs will be developed and presented by faculty and specialists related to programs and offerings provided by Regions University as well as for professionals and other individuals in areas of interest to the Regions University community and communities served.

Institutional Goals

Regions University has a history of providing its students with quality education and teaching excellence. By virtue of this history and its focused mission, Regions University strives to continue this tradition through the adoption and implementation of holistic educational and institutional goals. The institutional goals are student-centered and are directly related to the University's mission to prepare men and women, through a commitment to academic excellence and spiritual vitality at the undergraduate and graduate levels, for a lifetime of learning, leadership, and service to the professions, society, and family. Also, these goals are designed to help ensure the provision of quality programs and services which will help lead to the stability and continued growth of the University so that it can continue to meet its educational goals.

- Regions University will attract, retain, and contribute to the continued professional development of faculty dedicated to providing quality teaching and active scholarship and committed to the mission and purposes of the University.
- Regions University will maintain and develop facilities and learning environments, which are conducive to the learning process.
- Regions University will develop and implement careful planning and continuous study of the University's mission, purpose, goals, procedures, and programs as well as an analysis of the evaluation process in the interest of continuous quality improvement of its programs and services.

A POSITIVE BIBLICAL FAITH

In accordance with its stated purpose and its concern for truth, Regions University is firmly committed to furthering the teaching and practice of Christianity. The University presents fairly all significant viewpoints on major issues and promotes freedom of inquiry. However, certain key positions are firmly established by Biblical evidence, and we believe should be upheld. Regions University's students are from various religious faiths. Students are free to formulate individual positions. No one is required to sign a credal statement of belief. Regions University is happy to have students from various religious backgrounds enrolled in its courses.

The University's understanding of the Christian religion includes the following tenets about its source of authority, central doctrines, polity and worship of the church, and the conduct of the Christian life.

Both the Old and New Testaments have been given by divine revelation and are the standard of authority in religious matters.

The Old Testament prepared the way for Christ, and the New Testament fulfills and supersedes it, making the New Testament the final authority for those who have lived since Christ's death on the cross.

There is one God, who is the creator and sustainer of the universe and who takes a direct interest in every human being. The Godhead consists of God the Father; Christ the Son; and the Holy Spirit, the Comforter. Christ was born of a virgin, died on the cross to make atonement for man's sins, arose bodily from the tomb, and ascended into heaven, where he presently reigns. There is a heaven to be enjoyed by the faithful and a hell to be endured by the disobedient.

God created all people with a need for fellowship with him and the ability to choose to obey his commands. Man cannot earn salvation from sin but can qualify to receive it as a gift of grace through submission to the will of God. The scripturally appointed means for receiving this gift is faith in Christ, repentance, confession of faith, and baptism (immersion). The transformation in character, conduct, and relationship with God that man experiences in this process is the new birth (regeneration). Christians are expected to live in accordance with the teachings of the New Testament.

Christ established the church for the mutual encouragement, instruction, and assistance of Christians and for the evangelization of the world through the proclamation of His gospel. Jesus prayed for unity among his disciples and commanded love for one another as the means to maintain it. The church was originally organized so that, once the apostles passed away, individual congregations would be independent of any central human authority and would be guided solely by the unchanging standard of Scripture. Congregations are to be bound together by common purpose and cooperative effort.

Each congregation is to assemble for worship on every first day of the week according to the teachings of the New Testament. In contrast to the elaborate temple ritual of the Old Testament, worship in the Christian age is to be in spirit and truth. Accordingly, the worship of the New Testament church consists of teaching God's word, offering prayers and thanksgiving from the heart, singing praise to God and encouragement to one another with the human voice, voluntary giving as a means of expressing appreciation to God for his blessings and sharing them with others, and partaking of the Lord's Supper in commemoration of Christ's death. Genuine charismatic gifts, such as prophecy, speaking in foreign languages, and miraculous healing, were exercised in the first century but not perpetuated afterward.

On the basis of principles established at creation, the New Testament assigns roles of leadership in public worship and supervision of the local congregation to male Christians. The scriptural organization of the local congregation consists of a plurality of elders (also called bishops or shepherds), who have oversight of the church; deacons, who assist the elders in ministering to the needs of members; and evangelists, who proclaim the gospel and teach under the authority of the elders. The offices of apostle and prophet ended with the passing of the miraculous age of charismatic gifts. Women are a powerful force in the church through the influence of their character and spiritual insights and through their efforts in teaching other women and children, helping the needy, and engaging in personal evangelism.

Christianity as taught by Christ and the apostles provides for the needs of the individual, the family, and society. An understanding of God's sacrificial love enables each person to recognize his worth and potential in the sight of God, relieves his guilt and anxiety, and motivates him to conduct his life according to the highest standards. The example of Christ fosters humility, submission to authority, and service to others. Through its teaching, its communal worship, its fellowship, and its mission of evangelism and benevolence, the church strengthens both individuals and families and has a strong impact for good wherever its efforts and influence reach. PURPOSE OF THE COLLEGE OF BUSINESS AND LEADERSHIP

The purpose of the College of Business and Leadership is to provide instruction and training on the undergraduate and graduate levels as well as prepare students for careers and professions that provide support and services for the well-being of individuals, family, or society. Within this purpose, the College of Business and Leadership provides bachelor-level degree programs that include the Bachelor of Science in Business Administration with a General Business Concentration, Bachelor of Science in Business Administration with an Information Communication Concentration, and the Bachelor of Science in Business Administration with an Information Systems Management Concentration as well as graduate-

level degree programs that include the Master of Science in Organizational Leadership and the Master of Arts in Organizational and Behavioral Leadership. All of these programs are designed within the mission of the University for preparing men and women, through a commitment to academic excellence and spiritual vitality, so that they can serve in their chosen vocations in the church, community, or society. Also, the programs in the College of Business and Leadership provide a foundation that prepares undergraduate students for graduate study and graduate students for advanced study.

Additionally, the University provides a program of continuing education, through the Regions University School of Continuing Education, for those who are not pursuing degrees.

UNDERGRADUATE EDUCATIONAL GOALS OF THE COLLEGE OF BUSINESS AND LEADERSHIP

To provide educational opportunity to students at the undergraduate level through a carefully planned and implemented program of study.

- 1. To provide scheduled and effectively utilized distance learning technologies to foster the ability for students to learn anytime and anywhere.
- To provide foundation programs of study to undergraduate students that complement the University's graduate programs and encourage students to further their studies for careers and professions to serve in the church, community, and/or society.
- To recruit, retain, and promote professional development of qualified faculty, staff, and administrators.
- To develop and maintain periodic internal evaluation to ensure that all programs are operating within a manner consistent with the mission of Regions University.
- 5. To provide students with instruction on the use of the latest technologies used in the fields associated with their respective program of study.
- To provide and maintain learning resources and an environment conducive for student learning, scholarly research, and quality teaching in the 21st Century.

GRADUATE EDUCATIONAL GOALS OF THE COLLEGE OF BUSINESS AND **LEADERSHIP**

To provide educational opportunity to students in leadership programs at the graduate level through a carefully planned and implemented program of study.

- Each student will acquire a basic core of knowledge of leadership, related disciplines, and practical methods as a foundation for a productive professional life.
- 2. Each student will develop intellectual capacities for critical thinking and problem solving, for analyzing and utilizing information, and for reasoning ethically and morally in decision-making.
- 3. Each student will develop skills for research, human relations, leadership, and oral and written communication appropriate to that student's profession.

- Through gaining essential knowledge, developing proper attitudes, and acquiring important skills, each student will be prepared for more advanced studies, for employment in a chosen profession, and/or for life-long learning.
- To provide students with instruction on the use of the latest technologies used in the fields associated with their respective program of study.
- Through developing proper attitudes and values and through acquiring skills in communication and human relations, each student will be prepared to function responsibly and effectively in the familial, social, and civic arenas of life.

PURPOSE OF THE COLLEGE OF GENERAL STUDIES

The purpose of the College of General Studies is to provide instruction and training on the undergraduate level for Christian ministers and religious workers as well as prepare students for careers and professions that provide support and services for the well-being of individuals, family, and society. Within this purpose, the College of General Studies provides bachelor-level degree programs in a variety of areas including Biblical Studies, Ministry/Bible, Liberal Studies, Human Resource Leadership, Human Development, Public Safety and Criminal Justice, and Management Communication. All of these programs are designed within the mission of the University for preparing men and women, through a commitment to academic excellence and spiritual vitality at the undergraduate level, so that they can serve in their chosen vocations in the church, community, or society. Also, the programs in the College of General Studies provide a foundation that prepares students for graduate or advanced study. Many of the Regions University graduates of the College of General Studies choose to continue their studies at the Regions University School of Human Services or the Regions University Turner School of Theology.

Additionally, the University provides a program of continuing education, through the Regions University School of Continuing Education, for those who are not pursuing degrees.

EDUCATIONAL GOALS OF THE COLLEGE OF GENERAL STUDIES

- To provide educational opportunity to students at the undergraduate level through a carefully planned and implemented program of study.

PURPOSE OF THE SCHOOL OF HUMAN SERVICES

In keeping with the Christian heritage of Regions University, the purpose of the School of Human Services is to prepare students for careers and professions that are dedicated to providing support and services for the well-being of individuals, family, the church, and society in the spirit of Christian services. This purpose will be accomplished by providing students with an interdisciplinary learning and serving experience with core courses and focused knowledge and skills in a major which may include, but will not be limited to, family therapy, business, and human communications.

Additionally, the University provides a program of continuing education, through the Regions University School of Continuing Education, for those who are not pursuing degrees.

EDUCATIONAL GOALS OF THE SCHOOL OF HUMAN SERVICES

- Each student will acquire a basic core of knowledge of psychology, counseling, 1. related disciplines, and practical methods as a foundation for a productive professional life.
- 2. Each student will develop intellectual capacities for critical thinking and problem solving, for analyzing and utilizing information, and for reasoning ethically and morally in decision making.
- 3. Each student will develop skills for scientific research, human relations, leadership, and oral and written communication appropriate to that student's profession.

- 4. Through gaining essential knowledge, developing proper attitudes, and acquiring important skills, each student will be prepared for more advanced studies, for employment in a chosen profession, and/or for life-long learning.
- 5. Through developing proper attitudes and values and through acquiring skills in communication and human relations, each student will be prepared to function responsibly and effectively in the familial, social, and civic arenas of life.

PURPOSE OF THE TURNER SCHOOL OF THEOLOGY

The Regions University Board of Regents chartered the Turner School of Theology in 1999 in profound appreciation of Rex and Opal Turner, founders of the University. The Board deemed it appropriate to establish a School of Theology in their name to honor and recognize the personal labors and sacrifices made by Rex and Opal Turner for the cause of Christ. Additionally, the University provides a program of continuing education, through the Regions University School of Continuing Education, for those who are not pursuing degrees.

EDUCATIONAL GOALS OF THE TURNER SCHOOL OF THEOLOGY

The Regions University Turner School of Theology provides programs and services through six educational goals. These goals are as follows:

- 1. Each student will acquire advanced knowledge of the Bible, related disciplines, and practical methods of ministry as a foundation for a life of Christian service.
- Each student will develop intellectual capacities for critical thinking and problem solving to enable one to analyze, evaluate, organize, and synthesize information and use it constructively and creatively.
- 3. Each student will develop attitudes and values appropriate to a life of Christian faith and practice.
- 4. Each student will develop skills for religious research, human relations, and oral and written communication appropriate for Christian ministry.
- Through gaining essential knowledge, developing proper attitudes, and acquiring important skills, each student will be prepared for more advanced employment in the area of Christian ministries, and/or for life-long learning.
- 6. Through developing Christian attitudes and values and through acquiring skills in communication and human relations, each student will be prepared to function responsibly and effectively in the familial, social, and civic arenas of life.

PURPOSE OF THE SCHOOL OF CONTINUING EDUCATION

The purpose of the School of Continuing Education is to provide participating students with quality and timely continuing education experiences for professional development and life enrichment purposes. These programs will be developed and presented by faculty and specialists related to programs and offerings provided by Regions University as well as by professionals and other individuals in areas of interest to the Regions University community and communities served.

EDUCATIONAL GOALS OF THE SCHOOL OF CONTINUING EDUCATION

The Regions University School of Continuing Education provides programs and services through three educational goals. These goals are as follows:

- 1. Each student will have the opportunity to acquire the knowledge and skills in accordance with the learning objectives specified in the syllabus of the respective continuing education course;
- The University will strive to provide continuing education programs and services related to Regions University program offerings and designed to meet the education and training needs of participants in terms of professional development and/or certification, licensure, and licensure renewal; and
- 3. The University will strive to provide continuing education programs and services in accordance with the interests of the Regions University community and communities severed by Regions University.

Note: Regions University is an academic institution, not a church. Classes at Regions University are not worship or devotional services, but an educational environment for interaction between student and teacher.

Effectiveness Process

The institution must demonstrate that it is doing what it says that it is doing, and that the University is effectively carrying out its Mission. The Commission on Colleges of the Southern Association of Colleges and Schools requires Regions University to "engage in ongoing, integrated and institution-wide research-based planning and evaluation processes that incorporate a systematic review of programs and services that: (1) results in continuing improvement; and (2) demonstrates that the institution is effectively accomplishing its mission."

The University has identified important areas which must be analyzed with a broad-based planning, review, and evaluation process which will help Regions University to determine if it is achieving a satisfactory level of institutional effectiveness.

There are four elements of a viable institutional effectiveness program:

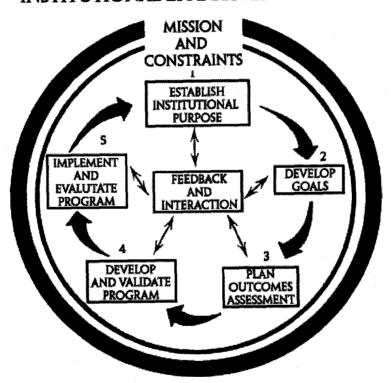

- 1. A clearly defined statement of purpose.
- 2. A set of assessable institutional goals.
- 3. A procedure for evaluating achievement of those goals.
- 4. A process by which evaluation results are considered in overall institutional planning.

The results developed in Step Four are fed back into Step One to form a continuous process of planning, implementation, and assessment. These four elements, along with a fifth element that is involved when new academic programs are established - namely, development process and implementation process of the program -- have been incorporated as follows:

(1) Establish institutional purpose; (2) Develop goals; (3) Plan outcomes assessment; (4) Develop and validate program; and (5) Implement and evaluate program. Each of these processes must have constant feedback and interaction within the context and constraints of the University's Mission.

Institutional Effectiveness Model

INSTITUTIONAL EFFECTIVENESS MODEL

University Model of Operation

Regions University organization operates under the belief that as the institution is presented with new problems, newly identified results suggesting a need for institution change must have the mechanisms and model whereby identified problems, outcomes, or needs may be recognized, adequately discussed, and reviewed by representative administrators, faculty, and students to determine if known or newly identified data, needs, or problems impose a necessity for change. This result sets in motion an official process by which a new acknowledged policy change is immediately enacted. A genuine review for change is extremely important, and correction and change should occur in a timely fashion so the University can sustain and create new growth. Effectiveness comes with a timely genuine representative institutional review coupled with a meaningful policy change—not a long delayed process!

Principal Organization

The University consists of the following principal organization. (1) The Board of **Regents** as the definitive controlling body by which all policy is established; (2) The **President** as the Chief Executive Officer who directs the institutional processes; (3) The Executive Leadership Team—as the president's cabinet approves the final decisions and actions of the Policy Review Team and submits requests to the Board of Regents for their approval; (4) The *Policy Review Team* serves as an important decision making body made up of all the leaders of Regions University's University Teams; and (5) The University Teams represent all constituents—specifically the faculty and students of the University.

Self-Study Research Organization

Formal and informal planning and evaluation work is done by administrators, faculty committees, team committees, subcommittees, and focus group reviews as they perform their regular duties throughout the course of the year. The University has established a monthly working practice which complements and balances the official weekly and yearly actions, requirements, and work of each department of the institution with an ongoing review and evaluation process conducted by special focus group committees and survey studies conducted by the Center for Institutional Research.

This holistic institution wide process is designed to produce a pattern of evidence from the following measures/indicators: (1) student satisfaction indices; (2) bench mark comparisons with other similar institutions; (3) diverse survey data; (4) trend data; (5) national norms of student learning outcomes results; (6) verification competencies in major field of study; (7) licensure/certification rates; and (8) focus group findings.

One of the major concerns of most self-study processes is that data collected, needs for change, and identified problems are not properly reported and reviewed objectively by the primary institutional decision makers. The *Policy Review Team* on a daily, weekly, and monthly basis is at the center of the institution's important decision making process incorporating the needs, problems, data/reviews deficiencies, and concerns of the administrators, staff, faculty, and students. This activity culminates in a monthly reporting, planning, and improvement in shortterm and long-term objectives, new goals and plans, and a change and improvement in out of date policies and procedures.

Evaluation and Review Methods

The University administration has given much attention to developing and maintaining an ongoing, integrated and institution-wide research-based planning and evaluation process that incorporates a monthly systematic review of programs and services of the University, which will culminate in continuing improvement and demonstrate that the institution is effectively accomplishing its Mission.

In order to outline and portray the University's methods and processes, the institution has created a monthly seven point cyclic chart that portrays a yearly cycle of planning, evaluation, and action through the Policy Review Team, Executive Leadership Team, and Board of Regents. This process provides a summing up of the actions of all teams and their subcommittees as to all data/reviews reports, all problems, and all needs reported and addressed. This Institutional Effectiveness Cycle is demonstrated as each review is addressed, contrasted, compared, evaluated, and balanced in relationship to the seven focused parameters, as follows:

- 1. <u>University Review</u>—institutional wide analysis of problems, data, and outcomes.
- 2. <u>University Discussion</u>—identified need and action for change.
- 3. <u>University Mission</u>—all encompassing relationship with its Mission.
- 4. <u>University Goals</u>—attaining and creating new goals and plans.
- 5. <u>University Budget</u>—budget needs versus budget control.
- 6. <u>University Success</u>—were focused changes successful—<u>Loop Check</u>.
- 7. <u>University Needs—Change and growth brings new needs.</u>

Origin and History of Regions University

Regions University is one of three educational institutions that have their roots in Montgomery Bible School, which was founded just over a half century ago. In 1942 Rex A. Turner, Sr., Leonard Johnson, and Joe Greer became co-founders of Montgomery Bible School in Montgomery, Alabama. This institution, which originally offered both high school and first year college courses, was quickly developed into a junior college with an elementary and secondary department. In 1949 the curricula were expanded to include a third year of Bible and related courses, and in 1953 the first bachelor's degrees were granted. In 1954 the name of the school was changed to Alabama Christian College.

In 1966 the governing board of Alabama Christian College voted to discontinue the upper-level program in religious studies in order that the college might seek accreditation as a junior college. At the same time, it recommended that a separate corporation be formed to assume the upper-level program. In 1967 the new corporation was formed under the name Alabama Christian School of Religion, and classes were offered in the new facilities of the College Church of Christ.

As a result of growth and years of expansion of the old Montgomery Bible College, the original high school department is now Alabama Christian Academy, a regionally accredited elementary and secondary school. The original college department, Alabama Christian College, has become Faulkner University. Although the pioneering effort in Christian education has become three separate corporations, each owning its own property and operating under its own board of directors, these three complement one another in their respective areas of service and cooperate together in various ways for the common good.

Dr. Turner, Sr., who had served as co-president and then president of Alabama Christian College from its beginning, continued to serve both institutions, Alabama Christian College and Alabama Christian School of Religion, as president until 1973—a total of thirty-one years. At that time, Dr. Turner, Sr. began to devote his full energies to administration and teaching in the Alabama Christian School of Religion—now Regions University.

Regions University originated in an upper-division undergraduate program training people for ministerial causes. The Churches of Christ had a strong need for people to know the Bible, but it was also established that to just know the Bible was not sufficient for these times. There was a need to have trained workers who are strong in English, Science, History, Christian counseling, human development skills, communication skills, leadership skills, and competency in community public/safety services, such as prison ministry and victims of crime. This was reflected in the words of Christ when He encouraged all Christians to visit the fatherless, widows, and those in prison.

The institutions founder, who had a law degree and erudite biblical knowledge, emphasized the basic inherent moral principle of God's justice and that for God to be a true just God all sin demands penalty, and that there was one single way that God's justice could be requited. Justice could be requited only through the blood bought grace of Christ. The need for man to obey Christ is the mission of this institution, to train followers of Christ to go and share this important gospel message of redemption to the entire world.

As a result of these needs, the rationale of this institution was liberal in scope, not just a pastor system approach, but a method that is established through well-prepared people who are well trained to serve in dissimilar community settings in today's world. The Christian ministerial cause must be adapted for a changing world community. This Christian cause, especially in the United States, must address a well-educated society, and for this reason the church needs well trained articulate Christian men and women who can serve in several communities. Individuals are needed who are well trained to address the intellectual apprehension and unbelief of a prosperous society, but also to lift up a hurting humanity. Thus, Regions University students need various options of training in one or more academic areas such as: the basic arts, communication skills, family counseling, community public/safety services, human behavioral leadership, and, of course, biblical knowledge. In 1972 the institution extended the academic areas beyond the undergraduate program to include graduate degree programs.

This was followed by a move in 1974 to new facilities jointly purchased by Alabama Christian School of Religion and the Landmark Church of Christ at 6020 Atlanta Highway in Montgomery. In 1977 Alabama Christian School of Religion expanded its curricula to include a three-year graduate program terminating in the Master of Theology degree. To conform to standard nomenclature and practice, in 1988 the school replaced the M.Th. degree with the Master of Divinity degree, which is generally recognized as the first professional degree in ministry.

Over several years of development, Alabama Christian School of Religion outgrew its facilities. The school sold its interest in the jointly owned property to the Landmark Church of Christ and built its own new facilities on nine acres of land well situated on Interstate 85 contiguous with the campus of Auburn University at Montgomery. The School of Religion moved to this new campus in the summer of 1987.

In 1985 the Board of Regents made a commitment to seek accredited membership in the Southern Association of Colleges and Schools. In 1989 the institution received accreditation by the Commission on Colleges (COC) of the Southern Association of Colleges and Schools (SACS) to grant degrees at the bachelor's and master's levels.

On October 25, 1991, the Board of Regents officially approved the change of the name of the institution from Alabama Christian School of Religion to Southern Christian University. The new name reflected the widened geographical area served by the institution and emphasized the academic level and the emerging direction of the institution.

In its meeting on May 25, 1992, the Board of Regents approved an expansion in the curricula of the University, and in 1994 Southern Christian University was reaffirmed by the Commission on Colleges of the Southern Association of Colleges and Schools with two substantive changes: (1) the Doctor of Ministry Degree; and (2) the distance learning program.

The period of the nineties served as an era of tremendous change for the University. The fall of communism opened the way for the bible faculty to go teach the Bible in the former communist Russia. The impact of this spiritual contact had enormous effect on the institution: (1) many friends of the University used the institution's educational contacts to go throughout Russia; and (2) the University gained many new friends and new donors as a result.

The close of the nineties ushered in two important events: (1) The State of Alabama enacted for the first time a new family therapy counseling licensure law; and (2) The United States Department of Education chose several institutions of higher education to be pilot Distance Education Demonstration Program Participants to assess distance education and its effect on financial aid.

Since Southern Christian University had received a substantive change in distance education with the Commission on Colleges of the Southern Association of Colleges and Schools in 1994, the University had fine-tuned its distance education program and as a result was one of fifteen institutions originally chosen in 1999 to serve in a groundbreaking pilot Distance Education Demonstration Program. This recognition, which had no financial grant considerations, had a major impact on the growth of Southern Christian University. It forced the institution in the context of distance learning to review, reconfigure, and fine-tune its academic programs. Distance education was beginning to be an accepted academic practice and the Commission on Colleges of the Southern Association of Colleges and Schools asked all of its member schools to report if they were teaching by distance education and if so what degree programs they were teaching.

The rapid student growth of the University can be traced to three important events: (1) substantive change in distance education in 1994 with SACS; (2) being chosen by the United States Department of Education for the Distance Education Demonstration Program; and (3) the new State of Alabama licensure law in Family Therapy.

The new State of Alabama licensure law in Family Therapy grand-fathered the institution into a new opportunity, which caused a review and a reconfiguring of Southern Christian University's

counseling program. Counseling is such an important part of ministry and of the University's mission, and the new requirements for licensure had a compelling impact on the institution both in increased student enrollment and in expanding its courses. The influence of the new licensure law on the institutions academic program ultimately caused the University to reflect on the need for a Ph.D. degree program in Family Therapy, and caused the University to make a formal request to the Commission on Colleges of the Southern Association of Colleges and Schools for a substantive change for this new degree program. This request was approved and the University began its Ph.D. degree program in Family Therapy fall semester 2003.

In the fall semester 2005, the University was authorized by the Commission on Colleges of the Southern Association of Colleges and Schools to offer Bachelor of Science in Business Administration - General Business, Bachelor of Science in Business Administration -Information Communication, and Bachelor of Science in Business Administration - Information Systems Management degrees.

Also, December 2006, the University's accreditation was reaffirmed by the Commission on Colleges (COC) of the Southern Association of Colleges and Schools (SACS) for another 10-year period.

In 2005, the University was authorized by the Commission on Colleges of the Southern Association of Colleges and Schools to offer the Doctor of Philosophy in Biblical Studies degree. The following year, 2006, the University was authorized to offer the Associate of Arts degree.

Finally, on August 2, 2006 the Board of Regents officially approved the change of the name of the institution from Southern Christian University to Regions University. The Board of Regents determined that this name would enhance the university's opportunities and would complement the purpose and vision of this university as it accelerates its educational and religious heritage of Going into all the regions of the world.

Administrative Organization

Regions University is governed by a Board of Regents (Board) as a private non-profit institution of higher education. The Board consists of from fifteen to fifty regents, elected for life unless removed for cause or by personal volition. This is a self-perpetuating board, and all members serve without pay. The Board elects members to accept responsibility for the operation of Regions University and to serve as representatives of the public interest within the Churches of Christ.

General Powers of the Board of Regents

The Board of Regents has the following general powers:

- 1. Has the responsibility for determining basic general policies of the institution and for giving general direction in the execution of these policies. It exercises control over Regions University through the President, who is the chief executive officer of the institution.
- 2. Has major responsibility in providing the financial resources necessary for maintaining and further developing Regions University as an institution of higher education.
- 3. Has responsibility for preparing long-range plans for academic growth, student services, financial support, and campus development.

Specific Powers and Duties of the Board of Regents

In addition to the general powers for determination of general policies governing Regions University, the Board of Regents has the following specific duties and powers to provide the means from implementation of its major responsibilities:

- 1. The Board of Regents shall hold a minimum of two meetings each year. Under normal circumstances, the meetings shall be held in the spring of the Year (January through May), and in the fall of the year (September through December), but in the event there should be a major conflict in either of the said months, the Chairperson of the Board of Regents shall so inform the members of the Board and thereby set an earlier or later date for the semi-annual meeting.
- 2. To select a chief executive officer.
- 3. To develop and/or adopt general overall policies for the administration of the Institution.
- 4. To authorize the programs of education and the kind of academic degrees, diplomas and certificates to be conferred.
- 5. To advise with the chief executive officer, thereby affording a group judgment, on his recommendations for extensions or re-adjustments of the scope of educational activities.

- 6. To pass upon and/or authorize, after debate and any changes have been substituted, the annual budget as commissioned and submitted by the chief executive officer.
- 7. To debate and pass upon the recommendations of the chief executive officer for additional capital outlay, particularly as pertains to the construction of buildings, building sites, and building improvements and/or renovations.
- 8. To pass upon architectural plans for authorized buildings and/or building renovations, as submitted by the chief executive officer.
- 9. To discreetly deal with communications and criticism, written or oral, from patrons, alumni, elders, and other church members relative to the organization, administration, and policies of the Institution. University administrators, faculty, and staff are expected to communicate about University-related matters to and through the President, and not directly with the Board of Regents, except when communication is initiated and made by an individual Regent. Regents are normally to communicate and interact with the University (its administration, faculty, and staff) through the President.
- 10. To visit Regions University, including all of its departments, so as to observe and/or investigate the efficiency of the management of the Institution, and the quality of instruction that is being given.
- 11. To elect officers for the Board, including a Chairman, a Vice Chairman, and a Secretary, and to appoint committees and ad hoc officers as needed to facilitate the work of the Board.
- 12. To appoint officers pro tem for the Board of Regents in the event of vacancy, absence, or incapacity of regularly elected officers to fulfill their responsibilities.
- 13. To serve as a final board of appeal in cases of due process appeals by faculty members or administrators directly responsible to the President of Regions University.
- 14. To authorize and direct all expenditures involved in the operation of the institution. The Board has power to regulate the business policies of the University. It has full charge and control of all properties, effects, and assets of the corporation, with full power to regulate use and control the same for the benefit of the University. It has full power to invest and use the finances, properties, and assets in such manner as seems best for the greater benefit of the corporation.

- 15. To regulate the academic policies, determine the general curricula to be offered, and establish policies and regulations necessary for the government and direction of the officers, faculty, employees, and students of Regions University. In determining these policies, it considers the recommendations of the President of the University.
- 16. To formulate policies and regulations for student services which assure a maximum effort to help each student develop spiritually, emotionally, physically, and intellectually.
- 17. To authorize criteria and policies for admissions, degree programs, degree requirements, student service needs, and graduation requirements which will serve the best interests of the institution.
- 18. To dismiss any employee, following due process procedures, of the institution who fails to follow the policies and expressed wishes of the Board of Regents.

Responsibilities of the President

The President of Regions University is elected by the Board of Regents as the Chief Executive Officer of the University and is responsible for leadership of the institution.

President's Administrative Responsibilities

The President shall serve as the Chief Executive Officer, and he shall have the overall responsibility for the administration of the Institution, including all authorized departments and/or activities. The said President shall be charged with the following specific responsibilities:

- 1. The President shall serve as the Chief Executive Officer, and he shall have the overall responsibility for the administration of the Institution, including all authorized departments and/or activities. The said President shall be charged with the following specific responsibilities:
- 2. The President shall serve as a special advisor to the Board of Regent; and as an authority or expert in school administration, he shall keep the said Board advised on matters that constitute good Board policy: on matters of current issues and trends in the field of education; on matters or problems that are likely to arise within the scope of the Regions University's operation; and on matters that are calculated to provide protection from or solutions to the anticipated problems.

- 3. He shall prepare the agenda for Board of Regents meetings, with said agenda including matters which he regards as being pertinent for the Board's consideration and adoption. His recommendations shall stem from his firm conviction, as the Chief Executive Officer, of those matters which will be best for the Institution. Further, his recommendations shall be made without fear or favor.
- 4. He serves as the Chief Executive Officer of Regions University under the Board of Regents and has responsibility for the direction and control of the institution, its policies, its officers, its faculty, and its students.
- 5. He shall serve as the liaison officer between the Board of Regents and the assistant administrators, the faculty members, and other personnel.
- 6. He shall be ultimately responsible for all disciplinary action against students and shall take measures to guarantee each student the provision for due process.
- 7. He shall be responsible for the overall moral, financial, and academic welfare of all departments of the Institution.
- 8. He shall sign all appropriate instruments and documents as head of the corporation, as authorized by the Board of Regents in the bylaws.
- 9. He shall execute the policies of the Board of Regents in the operation of Regions University.
- 10. He shall serve by virtue of office as a member of the Board of Regents.
- 11. He conveys official communications between the faculty and the Board.
- 12. He serves as the chief administrator to whom all faculty and staff members are responsible within appropriate lines of authority.
- 13. He coordinates the various functions of Regions University in keeping with institutional objectives and in accordance with policies developed to implement the academic administration, business administration, student administration, and institutional development functions of the University.
- 14. He provides the Chairman of the Board of Regents with all significant information pertaining to the operation of the University, the progress made on campus development, and the status of other projects authorized by the Board.

- 15. He makes himself available for appropriate conferences under reasonable circumstances with members of the Board, administrative personnel, faculty members, and student representatives.
- 16. He delegates appropriate responsibility to other administrative officers with authority to act in accord with the stated institutional objectives and policies of the Board.
- 17. He defines the responsibilities of institutional officers who are directly responsible to the President.
- 18. He requires annual and special reports from administrative heads for information and policy recommendations.
- 19. He makes all new appointments, reappointments, and promotions of faculty and staff members after cooperative selection or consideration with the proper administrative officers.
- 20. He has the privilege of attending and speaking at any or all meetings of the committees of the Board, meetings of the faculty, and meetings of the committees of the faculty.
- 21. He promotes and maintains high academic and spiritual standards within the University.
- 22. He serves as the agent through whom the Board of Regents, upon recommendation of the faculty, awards degrees, diplomas, or certificates.
- 23. He arranges, in consultation with the Executive Leadership Team, for speakers for baccalaureate, commencement, and other occasions sponsored by Regions University.
- 24. He approves outside speakers sponsored by any Regions University organization.
- 25. He has ultimate responsibility for the direction and management of the business of the University and makes full reports to the Board annually or when requested to do so by the Chairman of the Board or chairmen of official committees of the Board.
- 26. He prepares the annual budget in coordination with the business office and submits it to the Board for approval.

President's Fundraising Responsibilities

The President performs the following fundraising functions:

- 1. He supervises the University Office of Advancement as to its policies, purposes, and procedures of all annual and special fund drives on behalf of the University.
- 2. He uses his official position to assist the officers of advancement in special visits of donors to encourage special or estate gifts.
- 3. He sees that all gifts and donations to the University are acknowledged by letter.

President's Planning and Policy Making Responsibilities

The President performs the following policy-making functions:

- 1. He assists the Board of Regents in preparing long-range plans for academic growth, student services, financial support, and campus development, after consultation with administrative advisors.
- 2. He develops short-term plans and recommends to the Board specific courses of action for implementation of the long-range plans of the University.
- 3. He keeps informed on new developments in Christian higher education and institutional administration that should be considered in making plans and policies for Regions University.
- 4. He makes recommendations, as deemed appropriate to the Board of Regents, faculty, or administration pertaining to the work and success of the University.
- 5. He transmits to the Board of Regents all requests from the administration or the faculty for new policies or changes in present policies with recommendations for approval, modification, or rejection.

President's Public Relations Responsibilities

To the university public the President performs the following functions:

- 1. Fosters a wholesome morale among the faculty, students, staff and administration.
- 2. Fosters a concern for the spiritual, educational, social, and physical well being of faculty and students.
- 3. Fosters a respect for constituted authority among faculty, students, staff, and administration.
- 4. Supervises all campus publications.
- Supervises the public relations program of the University.
- 6. He meets with advisory groups from the alumni, Christian organizations, and the Montgomery community to stimulate interest in the future growth and development of the University.
- 7. He represents Regions University in church, educational, alumni, and community meetings.
- 8. He sees that the University is officially represented in appropriate national, regional, and state organizations of institutions of higher education.
- 9. He is available as a representative speaker for public meetings.
- 10. He gives due publicity to campus activities, academic program, faculty and student achievements, and other newsworthy matters.

Other Responsibilities The President as well will assume other work-related responsibilities as assigned by the Board of Regents.

University Organizational Function

The University consists of the following principal organization. (1) The Board of Regents as the definitive controlling body by which all policy is established; (2) The *President* as the Chief Executive Officer who directs the institutional processes; (3) The Executive Leadership Team as the president's cabinet approves the final decisions and actions of the Policy Review Team and submits requests to the Board of Regents for their approval; (4) The Policy Review Team serves as an important decision making body made up of all the leaders of Regions University's

University Teams; and (5) The University Teams represent all constituents—specifically the faculty and students of the University.

Dan.

Attached is our survey.

Please note that Southern Christian University is now Regions University. This name change was effective August 2, 2006 and does not constitute a change in nonprofit status, ownership, accreditation, Statement of Faith, management, institutional mission, or program offerings. The University is in the process of updating the Academic Catalog and associated materials to reflect the name change.

The University

Founded in 1967, Regions University is an independent, nonsectarian, coeducational institution dedicated to the spirit of its ideals and Christian heritage. All of Regions University programs are taught from a Christian perspective. REGIONS UNIVERSITY is the home of one of the nation's leading universities, offering distance learning programs and services to adults nationally. Adding to the prestige of the University is its recent designation as a Distance Education Demonstration Program Institution by the U.S. Department of Education. One of fifteen initial participants in the nation, Southern Christian University is partnering with the U.S. Department of Education to serve as a national model to help chart the future of distance learning.

Accredited by the Southern Association of Colleges and Schools, Regions University grants bachelor's, master's, and doctoral degrees, all available via a distance learning format. Graduate degrees are awarded in counseling/family therapy, organizational leadership, and religious studies. These degrees foster leadership, counseling and family therapy skills, knowledge, and biblical and Christian ministry skills. The counseling degrees are designed to help prepare students for licensure. Doctoral degrees include Doctor of Ministry and Doctor of Philosophy degrees. These are advanced professional degrees for community

organization and church-related vocations, with a concentration designed to prepare participants to counsel families and individuals.

The policy of Regions University is to provide reasonable accommodation for persons who are handicapped or disabled as designated in Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Although the Morgan W. Brown building is not equipped with an elevator, the needs of the physically challenged can be met from the first floor. These include registration, counseling, library facilities, classroom facilities, rest rooms, break room facilities, and others. Ample parking is provided.

Location

Regions University is located in Montgomery, Alabama, the capital city of the state. Strategically located in the central part of the state between Huntsville and Mobile and Atlanta, Georgia, Montgomery is one of the fastest-growing cities in the state and the region. The city is clean and modern, with beautiful residential areas, parks and playgrounds, and fine schools and universities. Students and families can also enjoy its museums, zoo, and capital facilities. Montgomery has two major U.S. Air Force installations: Maxwell Air Force Base and Gunter Annex. Maxwell is where the Air War College is located and is a strategic center for education. The city has a population of more than 245,000 citizens. There are many churches and educational institutions. The city has an abundance of good housing in addition to other advantages. Employment can be found easily in Montgomery.

Academic Programs

REGIONS UNIVERSITY is primarily a distance learning institution, although there are many classes offered on campus. The academic year consists of three semesters: fall, spring, and summer. A student must fulfill the required semester hours in a major as well as the basic requirements of the core curriculum. All core and major requirements can be received from the University. REGIONS UNIVERSITY programs have a traditional structure. Distance education is approved by the Southern Association of Colleges and Schools and the U.S. Department of Education, ensuring that distance education students receive the same high-quality education as on-campus students. Faculty and student services for students on campus are available to distance learners. REGIONS UNIVERSITY ensures that students have regular contact with faculty and staff members via e-mail and telephone. No residency is required for undergraduates. In addition to offering distance learning to a diverse array of individuals, REGIONS UNIVERSITY is participating in the expansion of eArmyU colleges and universities. eArmyU is the army's popular e-learning virtual university, offering more than 55,000 enrolled soldiers the opportunity to earn a college degree during their enlistment. With the flexibility of eArmyU, soldier-students continue their education uninterrupted, completing their degrees in a timely manner while they serve.

Academic Facilities

Regions University sits stately on a 9-acre campus, adjoining Auburn University at Montgomery and Interstate 85. A beautiful building houses the administration offices, classrooms, and Library Resource Center.

Deleted: Southern Christian University

Costs

Undergraduate tuition per semester hour is approximately \$400. Full-time undergraduates receive a 50 percent scholarship. A comprehensive fee of \$400 per semester is required of all students.

Financial Aid

Aid from institutionally generated funds is provided on the basis of academic merit, financial need, and other criteria. A limited number of scholarships are available. Priority is given to early applicants. Federal funding available for undergraduates includes Federal Pell Grants, Federal Supplemental Educational Opportunity Grants (FSEOG), the Federal Work-Study Program, and FFEL subsidized and unsubsidized loans. Eighty percent of students receive financial aid.

Faculty

The instructional faculty members total 78. Sixty-four percent of the full-time faculty members hold doctoral degrees, 100 percent hold master's degrees, and 100 percent hold terminal degrees. Faculty members specialize in their areas and have exceptional training in distance learning delivery.

Student Government

Student volunteers serve as members of the Student Advisory Committee.

from the deans. The committee meets on a regular term basis and is reorganized on a yearly basis. Concerns, recommendations, and requests are presented directly from the committee to the appropriate University area.

Admission Requirements

Regions University is open to all persons who are of good character and who are academically qualified. The University has developed a streamlined admissions process to help potential students complete the process in a timely manner so they can begin their studies. As new technologies and processes become available, REGIONS UNIVERSITY makes every effort to adopt and use the latest technologies to help the admissions process. Transfer students in good academic standing are invited to apply to REGIONS UNIVERSITY. Prospective students must submit a \$50 nonrefundable fee along with the completed application for admission.

BRANDING

Our Promise

Regions and AmSouth are merging to create the new Regions. It is time to expect more. Yes, we are in the business of banking. But we are also in the business of life. And while our financial solutions will help you get more from your money, it is our mission to help you get more out of life.

Watch for the new Regions logo.

The sign of good things to come!

Starting immediately, you'll see our new logo just about everywhere:

Throughout the new Regions.com, you will notice the new Regions logo and the new life green color, designed to reflect our new brand.

In advertising to highlight new account offerings and unusual values.

On your new credit cards and CheckCards as a symbol of extra benefits and expanded convenience to come.

On your branches and ATMs. We'll let you know when our combined banking network will become available to you.

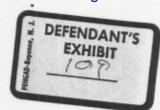

Here's why you'll like the new Regions

More Convenience: After our companies are fully combined, you'll have access to more than 1,900 branches and 2,400 ATMs in 16 states. Plus, you'll have expanded service online, by phone and in person.

Easy Transition: You can keep the same accounts, checks, PINs and more.

More Choices: Right now, you can open any of our great new accounts and add special benefits and rewards.

Renewed Commitment To You: You're the focus of everything we do. At the new Regions, we're dedicated to making

Mr. Joseph D. Jordan Regions Propane P. O. Box 248 Centre, Alabama 35960

Dear Mr. Jordan:

I recently learned that you have opened a new business, called Regions Propane. I wanted to touch base with you and inform you of Regions Bank's position on the use of "Regions" by your company. As I'm sure you know, Regions Financial Corporation has registered the trademark "Regions" and must be vigilent to protect against unauthorized use. Although Regions doesn't operate in that area of business, we feel that we would be entitled to use "Regions" should we endeavor to become involved in the propane business in the future. "Regions" is a registered trademark of this company, and we have taken great care in assuring that it is reserved for Regions Bank. At the present time, however, I do not foresee any problems with your company's use of "Regions" in the name of your business. I just want you to be informed that Regions Bank believes that it would have the ability to enforce its rights to "Regions" should it ever enter into the propane business.

Best of luck to you and your new company. If you have any questions or if I can be of any assistance, please do not hesitate to call me at (205)326-7860.

- a. Search strategy No. 7 is a search of the term "Region" or "Regions" of the records in the USPTO search data base.
- b. Search strategy No. 8 is a search of all marks in International Classes 9, 16, 41, 42, Certification Classes a and b, and Collective Membership Class 200.
- c. Search strategy No. 9 is a combination of both Search Strategy No. 7 and Search Strategy No. 8, which results in a finding of 78 trademarks, 38 of which are 'dead' marks.
- d. The strategy reveals that the Examining
 Attorney reviewed the 40 'live' marks associated with the
 combination of search strategies 7 and 8 in Search Strategy No.
 9.

- 5. On July 12, 2007, I performed the same search strategy as the Trademark Examining Attorney. The strategy reveals that as of July 12, 84 total marks were developed, of which 45 marks were 'live'. I have reviewed the 45 live marks. The reason 45 listings were developed in my search, as opposed to the 40 listings developed by the Trademark Examining Attorney in the search performed on December 28, 2006, is because five applications were filed subsequent to the December 28 search date. These include the following applications:
 - a. REGIONS UNIVERSITY, Serial No. 77/098922 filed February 5, 2007;
 - b. ALWAYS ON REGION, Serial No. 77/202431 filed June 11, 2007;
 - SERIES SOUTHEAST ... Serial No. 77/206924 filed June 15, 2007;
 - d. CAPITAL REGION LIVING, Serial No. 77/169434, filed April 30, 2007; and
 - e. BAIDU, Serial No. 77/127,948, filed March 12, 2007.
 - 6. Of the 45 live trademark registrations and applications developed from utilization of the search strategy set forth by the Trademark Examining Attorney in the REGIONS UNIVERSITY application, the following marks owned by Regions Asset Corporation were developed:

- a. REGIONSBANK, Registration No. 1,918,496, and,
- b. REGIONS CHARITY CLASSIC, application Serial No. 77/098922.
- 7. It is clear to me from the search strategy employed by the Trademark Examining Attorney on December 28, 2006, that the two marks noted above in the name of Regions Asset Corporation were reviewed by the Examining Attorney in making a finding whether to approve or disapprove application Serial No. 78/944,966 for the mark, REGIONS UNIVERSITY.
- 8. I have also reviewed the trademark file history for application Serial No. 77/098,922 for the mark, REGIONS UNIVERSITY, filed on February 5, 2007, in the name of Regions Asset Company. Specifically, I have reviewed the Examiner's search strategy, dated March 11, 2007, set forth in the file history for the application. Again, I am familiar with this type of search strategy.
- a. Search strategy No. 3 is a search directed to a phonetic search of the term "region" or "regions", of the records in the USPTO search data base.
- b. Search strategy No. 20 is a search of a term which encompasses the word "university" in the USPTO search data base.

- c. Search strategy No. 21 is a combination of both search strategy No. 3 and search strategy No. 20, which results in a finding of eight (8) trademarks, all of which are live marks.
- d. The strategy reveals that the Examining Attorney reviewed the 8 'live' marks associated with the combination of search strategies 3 and 20 in search strategy No. 21.
- 9. I performed the same search strategy of the Trademark Examining Attorney on July 15, 2007. The strategy revealed that as of July 15, 2007, 8 marks were developed, all of which were live. I reviewed the 8 live marks. Of the 8 live trademark registrations and applications developed from utilization of the search strategy set forth by the Trademark Examining Attorney in the Regions University application in the name of Regions Asset Company, set forth above, the following marks owned by Regions University, Inc., were developed:
 - a. REGIONS UNIVERSITY, application Serial No. 78/944,966, and,
 - b. REGIONS UNIVERSITY PRESS, application Serial No. 78/942,915.
 - 10. It is clear to me from the search strategy employed by the Trademark Examining Attorney on March 11, 2007,

that the two marks noted above in the name of Regions University, Inc., were reviewed by the Examining Attorney in making a finding whether to approve or disapprove application Serial No. 77/098,922, for the mark, REGIONS UNIVERSITY.

I DECLARE under penalty of perjury that the foregoing is true and correct according to my personal knowledge and the best of my information, knowledge and belief.

FURTHER SAYETH NOT.

Signed at: Alexandria, Virginia, this 16th day of July, 2007.

JEAN E. PATERSON

Long-Range Weather Forecasts

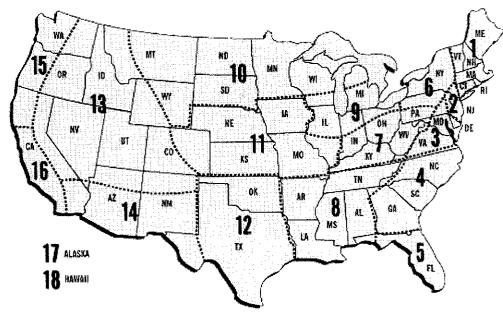

United States

THE 2004 OLD FARMER'S ALMANAC contains long-range weather forecasts from November 2003, through October 2004. As a courtesy to our Web site visitors we provide the detailed forecasts for this month and next here on Almanac.com. An exception is that we provide the forecast for the entire period for Alaska and Hawaii.

To obtain the complete 12-month forecasts, please purchase a copy of the Almanac at your local retailer: grocery store, drug store, mass merchandiser (eg. K-Mart or Wal-Mart), or bookstore. Or order single copies on-line or subscribe for the next three years and save!

For the long-range weather forecast through next month, click on the map or number of the region you want to view. Or select from seven Canadian regions. You may also view the 5-day weather forecast for Boston or a city of your choice.

How The Old Farmer's Almanac Weather Forecasts Are Made

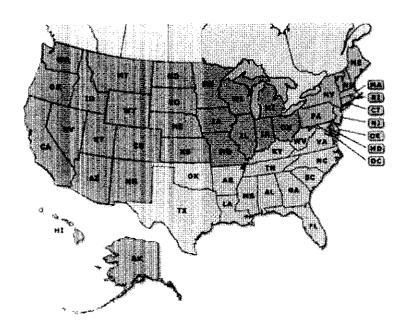

U.S. Regions: $1 \sim 2 \sim 3 \sim 4 \sim 5 \sim 6 \sim 7 \sim 8 \sim 9$ $10 \sim 11 \sim 12 \sim 13 \sim 14 \sim 15 \sim 16 \sim 17 \sim 18$

Our weather forecasts are determined by the use of a secret formula (devised in 1792 by the founder of this Almanac, Robert B. Thomas), enhanced by the most modern scientific calculations based on solar activity, particularly sunspot cycles. We also analyze weather records for particular locales. We believe nothing in the universe occurs haphazardly; there is a cause-and-effect pattern to all phenomena, including weather. It follows, therefore, that we believe weather is predictable.

Modesty requires, however, that we add this caveat: It is obvious that neither we nor anyone else has as yet gained sufficient insight into the mysteries of the universe to predict weather long-range with anything resembling total accuracy.

Welcome to ASHRAE Regions Web Site

ASHRAE Regions can now create and post web pages using a server and templates created especially for them.

All it takes is an html editor, some ftp software and a little know how. We provide templates that you can edit to reflect your Region's specific information and instructions so that you can post them to our server.

Contact Emily Sigman at esigman@ashrae.org or 404-636-8400, to get started.

A pan-European network has been established to support car manufacturers and suppliers in facing globalisation of the automotive industry, the evolution of the car market and the delocalisation of industrial activities.

Sixteen public authorities, coming from eleven regions that are highly dependent upon the car manufacturing a supply industry and spread over seven countries, have joined forces within the Interreg IIIC project 'Network Automotive Regions' to develop solutions to the economic, social, environmental challenges facing the automotive and find ways to adapt to new realities.

Automotive Regions aims to help different regional decision-makers work together to develop approaches to strengthen competitive position of the existing automotive industry. When regions anticipate or face the closure or downsizing of a car ple or have to manage its consequences, this involves formulating measures to ease the social and economic effects of such event. In the long term, regions should strive for diversification of the regional economy and learn from one another.

Welcome to the Region

The Chamber

The Bangor Region Chamber of Commerce is a membership organization with many area professionals working to promote and advance a healthy, vital business environment.

Live and Work

Welcome to the Bangor Region. Everyone recognizes Maine as this country's "Vacationland", however, we are proud of the fact that the Bangor Region is a great place to live and to work. Bangor has been recognized not only as a great small city, but also a safe place to live.

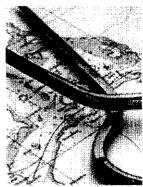

Visiting

The Bangor Region is located in the heart of Maine, just one hour from the great northern Maine wilderness, beautiful Moosehead Lake, majestic Mount Katahdin, and the world reknown Acadia National Park.

Relocation

Bangor is the largest city in the lower Penobscot Valley region. It sustains a population of around 33,000 residents. It was settled in the 1760s, gaining fame during the 19th century as "the lumber capital of the world."

Events

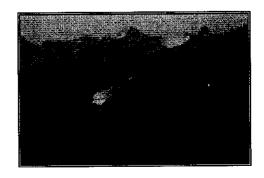

The Chamber events are designed to provide our members and the community with an opportunity to come together in an enjoyable fashion. The Chamber events include our annual Golf Tournament, the Riverside Flea Market, the Annual Dinner - this region's largest professional gathering.

The Brest region is situated in the south-west of the Republic of Belarus. This region was formed on December 4, 1939. The modern boundaries were established after the January 1954 merging of all districts of the Baranovichi region and 4 districts of the Pinsk region. The area of Brest region is 32,300 km2 (12,500 miles2). Population is about 1.5 million people.

The greater part of the territory is taken up by lowlands: Brest Polesie in the Southwest and Pripyat Polesie in the East of the region. The Zagorie Plain is located between them. The Pribugsky Plain is in the West, Baranovichi Plain and a part of Novogrudok Hills are in the North of the region. The Pripyat is the main river of the region, with these tributaries: Pina, Yaselda, Bobrik, Tsna, Lan, Sluch on the left, and Styr, Goryn, Stviga on the right. The Shchara, a tributary of the Neman River is in the North. The Bug River with Mukhavets and Lesnaya tributaries are in the West. One of the oldest national parks Belovezhskaya Pushcha is situated in the Northwest of Brest region.

CCRL MISSION

The California Center for Regional Leadership is a statewide nonprofit organization, established to support, facilitate, and promote innovative regional solutions for the state's major economic, environmental, and society challenges, to help achieve a more sustainable California.

CCRL & THE REGIONAL CIVIC MOVEMENT

The 2006 CCRL Regional Growth Dialogues Working to improve the state's infrastructure and quality of life.

2006 Civic Entrepreneur Summit

On September 24, 25, and 26, CCRL convened civic entrepreneurs from across the state in San Francisco to come together to network, share success stories, and shape the State's 2006 / 2007 policy and leadership agenda.

Indicators: The California Regional Progress Report

Regional Quality of Life Indicators are valuable tools to track community trends.

CCRL & STATE POLICY

Economic Vitality and Strategy

CCRL is working with several state agencies and initiatives to help them to craft an appropriate role that builds on "state-of-the-art" economic development practices, and create new partnerships based on the idea that economic performance is a shared responsibility.

Better Planning for Growth in California

CCRL engages regional leaders, the Legislature, and state agencies in moving forward a unified set of land-use and infrastructure goals for the state government that are aligned with regional needs.

.project .city_regions

resourc**es**

This project explores the role of city regions as substate political entities within the context of contemporary globalization processes. Since these processes are uneven in their spread and impact, our analysis aims to look beyond the effects of globalization at the traditional state level and to explore new issue areas.

Our project intends to provide new insights into the relationship between globalization and governance. It focuses on two different but interrelated issues pertaining to the emergence of city regions. With respect to the nation-state, we ask how the "making" of global city regions has increased their autonomy from national institutions and regulations. And looking closely at selected areas of urban governance, we examine the extent to which a shift from the public to the private sector has taken place. The city regions we have chosen to focus on were Johannesburg in South Africa, Mumbai in India, São Paulo in Brazil, and Shanghai in China.

The outcomes will be published in 2005.

The project has been conducted on a comparative basis and in cooperation with local partners in the respective city regions. It was financed by the Volkswagen Foundation.

Webmaster recommends: Baker Towers A great coal region novel!

This web site is a collection of nostalgia and regionalisms from the Anthracite Coal Region of Pennsylvania. The region is made up of Schuylkill, Carbon, Lackawanna, Luzerne, Northumberland, and Columbia counties, and also the northernmost reaches of Dauphin county. The Coal Region owes its heritage to the varied cultures of the people who settled there, as well as to the bygone days of coal mining.

International Polar Year Publications Database New

The International Polar Year Publications Database (IPYPD) is now available.

The IPYPD will attempt to identify and describe all publications that result from, or are about, the International Polar Year (IPY) 2007-2008 and the three previous IPYs. The IPYPD currently describes 60 publications. This number is expected to grow to approximately 20,000 publications ten years from now.

The IPYPD will be updated four times per year. The records in the IPYPD contain citations, detailed subject and geographic indexing terms, abstracts, and, in most cases, links to the online full text of the publications.

The IPYPD has been created by the Arctic Science and Technology Information System (ASTIS), the Cold Regions Bibliography Project (CRBP), the Scott Polar Research Institute (SPRI) Library, the Discovery and Access of Historic Literature of the IPYs (DAHLI) project and National Information Services Corporation (NISC). Other polar bibliographic databases and libraries are welcome to contribute.

For additional details, please see the "About" tab on the IPYPD website.

Welcome

"eHealth will open the door to more easily accessible and better quality health care. It can reduce errors, speed up treatment and offer important cost savings." the Commission of the European Communities

It is in this spirit that "eHealth for Regions" pioneers a common Baltic Sea eHealth Area. The project brings together relevant actors from all the regions and involves those who are concerned with health systems as well as regional development. "eHealth for Regions" goal is to improve the quality of health in the regions of the Baltic Sea Area by the application of information and communication technologies.

What we achieved so far

The project partners have carried out many activities in the last two years, for example a Regional Need Analysis in five countries asking decision makers, health care actors and patients about their eHealth acceptance and awareness. Furthermore the network partners defined concrete co-operation like eCardiology, eRadiology and cross-border exchange of patient information, in which they work together finding common solutions. As support of the project a Political Strategic Board was formed which consists of representatives of the highest political levels in the partner regions. More information you find in our results section, i.e. a video about ECG devices at home (HemEKG)

This project is part-financed by the European Union (European Regional Development Fund) within the BSR INTERREG III B NP programme

The English Regions Network (ERN) is the umbrella organisation for England's eight partnership Regional Assemblies:

East of England Regional Assembly London Mayor's Office **North West Regional Assembly** South West Regional Assembly Yorkshire and Humber Assembly

East Midlands Regional Assembly North East Assembly South East England Regional Assembly West Midlands Regional Assembly

Regional arrangements in London are different and whilst London works with ERN on some issues it is not a full member of the Network.

Regional Assemblies are responsible for:

- preparing a statutory Regional Spatial Strategy, including the Regional Transport Strategy
- scrutinising their regional development agency
- integrating policy development and enhancing partnership working at the regional level across the social, economic and environmental policy agenda
- being the 'voice of the region' and speaking out on behalf of the whole of the region at a national and international level.

The role of ERN is threefold:

- to represent the collective views of Regional Assemblies to Government and other key national and European institutions
- to encourage new thinking and research on the regional agenda
- to share best practice and facilitate inter regional networking amongst Assemblies.

Five Regions of the FutureTM

Welcome to the Five Regions of the Future $^{\text{TM}}$

Please take a survey to measure your technological inclinations.

Scott and Joel are pleased that you have taken your precious time to come and visit. You will find a constantly updating celebration of humanity's intelligence and cleverness as it tries to make the world a better place through the use of technologies from the Five Regions.

If you have read our book, you already understand what this site is all about.

If you haven't yet read our book, this site can be approached several ways. You can scroll down this page and read about the latest technologies that we have identified as important to the future of our world. You can go to the background section and read about the basic tenets of each region. You can go to the section that focuses on one particular region and see what technologies are cataloged there.

Visit the Five Regions of the Future Knowledge Gallery Exhibit

This online self-learning exhibit summarizes the key points of the **FIVE REGIONS OF THE FUTURE book**, introducing you to five distinctive technologies that will help you see *the new pathways leading to* a positive future for your business, community, your life and our planet. Includes 3-part podcast interview with Joel Barker and Scott Erickson.

Vitamin D May Protect from Infection

An accidental discovery by John J. Cannell, a psychiatrist, has led researchers to conclude that Vitamin D plays a major role in the human immune system. Because so many humans are low in Vitamin D, especially those in northern climates or with very dark skin, this deficiency could explain many disease reactions. For instance, high levels of vitamin D make it much harder for TB to find a purchase. It also reduces the likelihood of fungal diseases, as well and bacterial and viral infections. In particular, it seems to greatly strengthen resistance to flu. How does vitamin D do this? By increasing the body's production of cathledicidin which punches holes in the walls of our single-celled enemies.

Given the waiting game for Avian Bird Flu, it looks like we should all take more Vitamin D as a general protection.

Browse a huge selection now. Find exactly what you want today. www.eBay.com Discover the beauty and romance of the French Wine Regions -- their history, characteristics, tours of the wine regions, and of course, their marvelous wines.

Even in poetry, the French Wine Regions hold a special place in the hearts of many:

Give me a glass that I may see, The splendid Sauvignon in thee, The Riesling grape within your eyes, Your Chardonnay and Pinot skies. Give me a glass that I may see Beyond sweet mediocrity...

- Anonymous

We can be sure that whoever wrote those lines was not only a great philosopher and poet, but a lover of wines as well. We may never know if they were talking to a lover, or merely to life itself, but it is certainly poignant to note that the most famous of the French grape varieties are mentioned in this passionate expression of thought and emotion.

For centuries, French wines have been heralded as some of the finest in the world. Connoisseurs around the world swear by them; merchants place a high premium on their quality; and thousands of people go on tours of the French Wine Regions every year. On this site, you will find information, comparisons and histories of the various regions.

France's long-standing reputation as a leader among wine producers is not without good reason. It is said that France is the perfect place on earth to grow wine. The combination of cool climates and rich soil has led to the cultivation of over one million hectares of vineyards in the country. To that end, there are eight predominant regions in France that are renowned for their production of world-famous French wines.

Bordeaux Wine Region

The Bordeaux Wine Region, situated in the south west of France, is one of the largest and most important wine producing regions in the world.

Burgundy Wine Region

The Burgundy Wine Region consists of many small farms and private cellars. Burgundy wines are renowned for their affordability and high quality.

WHAT'S NEW?

HSTW Mission: High Schools That Work is all about raising student achievement - with research and data to prove that it works!

Program Scope: High Schools That Work (HSTW) is the first large-scale national effort to engage states, districts and schools in improving student success for the world of work and for further education. HSTW is a framework that provides direction for schools to improve academic and career-technical instruction.

Ohio is the 22nd state to adopt the *HSTW* school-improvement model in partnership with the Southern Regional Education Board (SREB). Participating states and schools agree to accelerate student achievement by creating the supportive frameworkrequired for teachers and school leaders to implement *HSTW* goals, key improvement conditions, and practices.

- Nutrition is the key to success in so many aspects of our lives. Unfortunately we often starve our bodies of the essential ingredients they need. Even though we strive to eat properly, dieting and stress steal away precious nutrients as thieves of our health. Learn about supplements that can help!
- Sometimes just exercising doesn't do enough to help us reach our weight and fitness goals. We need to be taught and coached through a lifestyle change to reach our full potential. Learn about personal trainers!
- Art is the therapy of the mind. It helps us express ourselves and sooth away the stress from out lives. I have included works of art from San Diego area artists. Enjoy!

Welcome to the Iowa Region SCCA homepage. Anyone with an interest in SOLO II competition will find something of interest at this site, although the main purpose of this site is to provide information to drivers interested in competing in an Iowa Region event. We have a schedule of events for each season and results for previous events are posted as they become available.

Read the article about us that appeared in the May 29, 2004 issue of the Gazette.

Be sure to sign up for the calendar to be notified of upcoming events.

Check out the new <u>News section</u> (Last updated 2007-03-27) for updates from the SCCA, as well as news and invitations from other regions.

Update: The May 20th TBA event has been cancelled.

Kansas Region Solo Schedule Finalized - Finally!

Welcome! The Kansas Region of the Sports Car Club of America (SCCA) serves, very roughly, the Eastern quarter of Kansas. We have over 300 members, whose principal interest, oddly enough, is tossing mostly small cars around large paved surfaces, or alternatively, watching or helping others do so. The Kansas Region is the home of the SCCA National Headquarters and Heartland Park Topeka. We annually host the Solo II National Championships, the largest participant motorsports event in the world and the Club Racing National Championship Runoffs, commonly referred to as the Olympics of Motorsports. Get off of the sidelines and come join the fun!

WELCOME TO THE LONE STAR REGION

It is my pleasure to welcome you to our NMRA Region. Whether you live in Louisiana or Texas, you will find that the Lone Star Region is very active in our great hobby of model railroading. Of course, as with any hobby, the more you participate in it, the more you will enjoy it. As President of the LSR, I would like to encourage you to be active in those areas that most appeal to you.

You might find your greatest interest is in a local club, your Division, or the Region activities. Contests, building structures, layout construction, model scratch building, collecting, operating or viewing prototypes are other areas of involvement. There are also NMRA special interest groups such as Layout Design and Operations, not to mention the annual NMRA convention.

Above all, nothing will replace the friendships gained in the hobby. It is always a wonderful feeling to both share and receive help and guidance from fellow model railroaders. Although we come from all walks of life we share a common interest, the love of TRAINS.

A major part of the LSR's activity centers around an annual convention in June. The convention alternates between Houston, San Antonio, Dallas/Ft. Worth and, occasionally, other areas. The conventions offer a great many opportunities. Experts in all fields give clinics. Local layouts (club & home) are on tour, and "operating" sessions take place. Contests, auctions and displays are included. Tours are available to local prototype points of interest, and, of course, there are clinics, tours, lunches, etc. for all the Non Rails. To complete the enjoyment, there is always a banquet, guest speaker and Sunday breakfast which includes the general membership meeting.

As a member of the LSR, you will receive a quarterly publication that we call The Marker Lamp. This gives you a good picture of what is happening in each of the Region's 8 divisions and where to find local activities. The NMRA sponsors a truly unique Achievement Program. Qualified members are willing to help those interested in obtaining certification of achievement in the various categories offered.

As a member of NMRA, you are also automatically a member of the LSR and the Division in your area. You will receive **The Marker Lamp** every quarter and be eligible for all activities including the annual LSR convention. This website or the NMRA website will provide you with the membership application to join the NMRA.

Again, let me welcome you to the NMRA/LSR. I hope you will call on any of us listed in The Marker Lamp to further your enjoyment in the Lone Star Region.

Nature in Neighborhoods

Nature in Neighborhoods

Metro works to keep nature in neighborhoods by acquiring and restoring natural areas, protecting fish and wildlife habitat, providing parks and natural areas, supporting volunteer stewardship, teaching natural gardening, and

operating the Oregon Zoo, which has many acclaimed conservation programs. Visit Metro's calendar to find activities in your neighborhood and opportunities to get involved.

Regional planning

Drive less. Save more.

Metro's 2040 growth concept

guides the region's transportation and land-use planning. Metro manages the urban growth boundary and provides planning expertise and maps and data to local governments, businesses and citizens. Metro sets the region's transportation funding priorities and plans and implements transportation improvements. Metro's programs help developers build vibrant downtowns and centers and livable streets.

Garbage, recycling and waste prevention

Metro manages the region's solid waste system and can help you recycle and reduce waste, find a recycler or

garbage hauler and identify and reduce use of hazardous waste. Residents can dispose of trash and recycling at a Metro waste facility. Metro provides recycling help for work places and schools. Metro sells recycled MetroPaint and can help you donate surplus food.

"Try God Faith-Builder Program"

The Try God, 'Faith Builder' Program is an idea that God gave me about 12 years ago. It is a powerful, Faith building, fun method to raise special monies for any project that you may have. It can powerfully be used to raise finances, of all kinds, very week until the Lour teams.

I believe this program can be called the "thefn brother" to Faith-Promise Milestone. I wish God had given me this

program earlier in my pastorats. The "Try God" Program came about because I did not always have the money for church needs or to help when a missionary sent out a piec -- "not enough money".

US Youth Soccer Region II News...

Region II Family Mourns Loss

Please join us in offering support to the Rolfing family of Sioux Falls, South Dakota. Rex Rolfing, a long-time volunteer and recent Local Organizing Committee Chair for the US Youth Soccer Region II Championships, was recently informed that his son, Staff Sgt. Robb L. Rolfing, 29, died Saturday in Baghdad from enemy small-arms fire, according to the Department of Defense.

Rolfing was assigned as a special forces engineer to Bravo Company, 2nd Battalion, 10th Special Forces Group (Airborne), in Fort Carson, Colo. He was a member of the inaugural Sioux Falls SpitFire soccer team during the 2001 season in the Premier Development League, according to news reports from that year.

Our thoughts and prayers extend to the Rolfing family and all of those impacted by those protecting our country across the world.

National Youth License Course in Wisconsin

We are pleased to announce that Wisconsin Youth Soccer Association, together with Illinois Youth Soccer Association will host a USYS National Youth License Coaching School this summer. The course will be held July 31st through August 5th at Ulhlein Soccer Park in Milwaukee.

The National Youth License is a course specifically designed to educate coaches on instructing young players. Youth coaches have a tremendous influence on the development of a child's life-long passion for the game, and the National Youth License was created with that in mind. Click here for an application and more information.

Please contact Melissa Vukovic at 888.328.9972 ext 105 with any questions. Additional information about the USYS Coaching Schools Program is also available on the United States Youth Soccer website at www.usyouthsoccer.org.

what's possible

Thank you for visiting Region 2020's website. We are in the process of updating our site and encourage you to check back soon for more improvements.

region 2020: what's possible

Region 2020 is a leading advocate for regional cooperation and citizen involvement in Central Alabama. The organization seeks to dramatically improve quality of life in areas such as the environment, education, affordable housing, transportation, and the arts.

In 1997, Region 2020 asked citizens across a 12-county region in Central Alabama how they would envision their region in the year 2020. They answered with a vision of a region that:

- values and preserves its natural resources;
- · promotes cultural diversity;
- · provides superior educational opportunities;
- · offers quality affordable housing;
- has an efficient, reliable transportation network linking the region;
- · is rich in diverse, safe and beautiful neighborhoods;
- is a leader in economic development and job creation;
- · fosters cooperation;
- · promotes efficiencies and engages in regional issues while maintaining local identity.

Honoring that vision, Region 2020 developed a roadmap for change and is working on regional projects that move our region forward and closer to the citizens' vision.

Learn more about Region 2020's 34 goals and our current efforts to bring about change in Central Alabama.

Get Up to 1.5% Rebate at Closing (904) 982 7620

Hire a Buyer's Broker and Receive 1/2 of the Sell Side Real Estate Fees on Any Property

Jacksonville Beach Ponte Vedra Atlantic Beach Neptune Beach

Listed with any Compay!

Roger Cooper is a Licensed Real Estate Broker since 1996. He has been involved in the industry since 1991 and is a member of the North East Florida Board of Realtors.

Being a Broker in Florida means I can execute the entire brokerage function on my own. I have no one to split my fee with, therefore I choose to split it with you ... the buyer, in exchange for your loyalty through the process. No agreements to sign, no fees to pay ... just cash back to you at closing.

Full service! From location of property and negotiation to contract to close including all the services in between. Plus Big cash back at closing!

How? Why? Good Questions ...

I live on the water in the Jacksonville area and run my Real Estate Brokerage from my home office. My overhead is extremely low. I don't overextend myself, so that service is never compromised. Fees in our area for the sell side of brokerage (built into the listings that are on the Market) range from 2-3% ... most of which are the later, so if a final negotiated sales price is \$600,000 with RegionAtlantic the closing table price could be as low as \$591,000! That's a substantial savings.

I do this for 2 reasons: I like the Buyer's side of the equation, including all service activities that go with it. And because I can.

Five Year Performance Assessment

During 2006, the Region Five Development Commission (R5DC) conducted a performance assessment to determine how well it had performed during the preceding 5 years. Because of certain past difficulties in Region Five the survey conducted was a blind survey that was seeking honest responses to questions about the programs currently offered. This assessment was performed as required by Minnesota Statute 462.393 Subd.2, which states "In 2001 and every five years thereafter the commission shall review its activities and issue a report assessing its performance in fulfilling the purposes of the Regional Development Act. The report shall address whether the existence of the commission is in the public welfare and interest."

You can view this assessment by clicking here.

CAPS PG Michael Bizoukas verbals to DePaul University! and

Sponsored By:

In our inaugural season ,CAPS All Stars had great success as an organization.

Our teams at all levels competed in some of the most prestigious tournaments in the nation. Many of our players followed up a great spring /summer with a tremendous high school season.

Mike Bizoukas finished a stellar career at Munster High School accepting a scholarship to DePaul University and was also named to the Indiana All Star Team.

Angel Garcia led his East Chicago Central Cardinals to the Indiana State Championship where he was named MVP of the game after posting a dominating performance .

Brandon Wood had a great senior year and accepted a scholarship to Southern Illinois.

Steve Luptak was offered a scholarship to American University in Washington D.C.

The success of our organization is a testament to the dedication of the players as

well as our entire staff. Our mission is to develop each and every player in the

program to his maximum potential.

We look forward to continued success in the 2007 season.

Yours In sport,

Eric Cole

Going to where few others dare to tredge

Regions Beyond International is dedicated to evangelism though every means possible and to training pastors. As you browse our website you will experience our evangelism crusades, the pastors conferences and worship in many cultures. It is in these settings that Bruce is consumed in a passion for souls.

It is said that there are reasons some areas are still not reached, and although we concur with this saying, doors are being opened to previously unreached areas and countries. Regions Beyond has

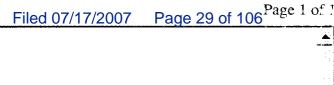

recently ministered in several regions that are predominately or completely Islamic. In both instances the spiritual foundation of a new church has been started.

Ministry: Beating Floods and Bullets

This past year Mission Aviation Fellowship (MAF) published a story about Regions Beyond International in their newsletter. Recounting the difficulties faced in reaching the unreached, they article speaks to the how important the help of others in when going into the areas that Bruce and Becky work in. To read the artcle, click here.

HOME ABOUT US NEWS PROJECTS

Regions Oil and Gas is a company with a philosophy and strategy of "Bringing New Life to Old Forgotten Fields". The fields in question were generally produced in the early 1900's with the mind set and technology created during the industries infancy. As a result, these wells have large amounts of oil still in reserves. With today's technology these fields are proving to be very productive.

A U.S. Department of Energy publication in 2004 stated that only approximately 1/3rd of the oil reserves have been recovered out of the old fields. These fields are known today as "Marginal" oil fields. After researching the topic, "Marginal" takes on a whole new meaning. To us it means "Success". With the proper techniques these fields can be just as productive as initial production! In other words, if we go into these fields, and use the latest technology, we can produce these fields just as they did when first drilled!

Regions Oil and Gas has organized and trained a crew of industry experts to service our operations, eliminating the need for third parties. We have strategic partners with the necessary equipment (drilling rigs, pulling unit, etc.) to maintain our properties and drill new wells in a timely manner. Add a world class sales team, and we have the ability to economically "Bring New Life to Old Forgotten Fields".

Information

Region Welding of Missouri, Inc., a family owned business established in 1983, is the leader in the design and fabrication of quality, American made products such as:

- Hitches
- Utility Beds
- Trailers
- Engine Hoists
- Tool Boxes
- Concrete Form Baskets
- Propane Cabinets
- Tarp Systems
- Kettle Corn Poppers
- Grills
- Decorative Railing and Gates
- TruckGear® Accessories

We take great pride in the craftsmanship of all our products, from custom made trailers and haulers to tarp systems....pride that's easy to see in the quality of our products. And our philosophy is simple. Our products are built on a foundation of common sense principles. Principles like better materials and sturdier construction, which mean longer product life. And that just makes good sense!

We invite you to browse our products online. We're proud to display them and are happy to talk with you about them if you should need additional information. Enjoy your visit to our site and please come back again soon. We update the site regularly to help keep you informed.

511: Comprehensive Sacramento Region Travel Information

Travelers in the Sacramento region and beyond can now dial one easy-to-remember telephone number for complete, comprehensive traveler information: 511.

511 provides access to information about all modes of travel: traffic conditions for commuters, bus and light rail

information for more than 20 transit agencies, paratransit services for the elderly and disabled, ridesharing information and information on commuting by bike. The telephone service is available in English and Spanish.

Sacramento Region 511 serves El Dorado, Placer, Sacramento, Sutter, Yolo and Yuba counties. The number also links callers to 511 services in the Bay Area, Nevada and Oregon, as well as Butte and Glenn counties.

In conjunction with the phone service, this Web site can help users plan their daily commute, access transit providers, find a carpool partner, and learn about bicycling as a commute option. With the traffic information on this site, you can check your commute options and know the road before you go. Once behind the wheel, you can call 511 for traffic updates.

Remember, if you want to know about traffic, transit, rideshare, and bicycling, call 511 or visit www.sacregion511.org.

SUSTAINABLE REGIONS PROGRAMME

The Sustainable Regions Programme is the major initiative under the **Stronger Regions**, **A Stronger Australia** Statement announced by the former Deputy Prime Minister and Minister for Transport and Regional Services, the Hon John Anderson MP, on 29 August 2001.

The Sustainable Regions Programme assists regional communities to address priority issues they have themselves identified. The Programme offers a planned, integrated approach to regions facing economic, social and environmental change. Assistance under the programme will initially be provided to ten regions.

Local Advisory Committees provide advice to the Australian Government on issues associated with the regions, including recommendations on project funding.

The wine industry is growing and changing. New wine regions are being discovered. Great quality wine is getting more affordable and a lot of people have a growing interest into learning about wine.

At home, people are adding wine accessories and storage facilities (like wine cellars, wine racks...). And a new type of vacation is developing where wine amateurs book wine tours in order to discover the prestigious wineries of the world.

Wine Region Tour contains useful information concerning wine in general. The website is organized into several main sections.

Sarah Bewley

Writers Programs Coordinator

Pulltzer Prize winning author Marjorie Kinnan Rawlings, who made Cross Creek, Florida, her home for many years, successfully expressed her love and understanding of Florida's human and physical environment in her many books. She was a regional writer who spoke to people everywhere. Her example inspires this Writers Workshop.

For more information on the five-day series of workshops please call 888-917-7001, or Sarah Bewley 352-373-1879 and leave a message or write:

Writing the Region

A new coordinator, new and returning faculty, and a wide variety of workshops and programs are part of Writing the Region this year.

Norma Homan has retired, and under her tutelage, I have taken over as coordinator

This year we'll have a night of poetry readings by Peter Meinke, Melanie Aimeder, and Joe Haldeman, Michael Knight reading from his amazing fiction, and the Sunwall Prize winning new comedy play - 'The Moming After the Night Before' as a staged reading for our participants and the public!

Of course, we will also have our annual trip to Cross Creek and the home of Marjorie Kinnan Rawlings, along with an old-fashioned fish fry for dinner.

Join us for five days of inspiration, perspiration and aspirations - as we work hard, find our voices, and become better and published writers.

The Galnesville Association for the Creative Arts

The Marjorie Kinnan Rawlings Writers Workshop is one of the many activities and programs of the Gainesville Association for the Creative Arts. Serving the area for almost 40 years, the GACA also offers workshops in the arts to young people, age 2 to 18. The "arts" include everything from art to dance, from drama to plano. With its year-round program involving over 3000 students and 70 teachers, the GACA, along with hosting the Writers Workshop, sponsors a variety of related activities, such as: "Shakespeare, Summer, and Kids," where young people experience Shakespeare by staging his plays; workshops on "Writing for Children"; and improvisational theatrical groups for at-risk students.

The GACA's Edmea Settimelli Scholarship fund provides scholarships for hundreds of children each year. For more information or questions, please call or write: The Gainesville Association for the Creative Arts, P.O. Box 12246, Gainesville, FL 32604 1-888-917-7001 or 1-352-378-9166.

v.)	CIVII ACCION NO.2:00-CV-882-MAI
REGIONS	UNIVERSITY, INC.)	AFFIDAVIT OF STEPHEN J. STRICKLIN
	Defendant.)	

- I, Stephen J. Stricklin, residing at 3560 Arlington
 Oaks Drive, Mobile, Alabama 36695, to the best of my knowledge,
 information and belief, formed after reasonable inquiry, hereby
 declare:
 - 1. I am over the age of 21 and have personal knowledge of the matters herein declared.
- I am submitting this Affidavit in support of the Motion for Summary Judgment, filed by Defendant, Regions University, Inc.
- 3. I have a Bachelor of Arts degree, magna cum laude, from the University of South Alabama in Criminal Justice Administration and an Associate of Arts degree, highest distinction, from Vincennes University in Indiana for Paralegal.

I was a paralegal and investigator for Victor T. Hudson, Esq. for approximately eighteen years.

4. I have so far investigated businesses with trade names that include the word "Region" or "Regions" in the following states: Alabama, Arkansas, Florida, Georgia, Illinois, Indiana, Iowa, Louisiana, Mississippi, Missouri, North Carolina, South Carolina, Tennessee and Texas. Except Alabama, in all states I have confined my search to businesses and organizations which use the word "Regions" or "Region" without reference to a particular geographical region (such as "Southern Region" or "Region IX". I began my investigation by searching the various state Secretary of State records and then identified the business names. I utilized various sources, including, but not limited to, internet business information pages such as yellowpages.com, 411.com, superpages.com and manta.com. After identifying the businesses in each state, I attempted to contact each business or organization by telephone number obtained for that particular business or organization to determine whether the business was still in existence; whether the business still used the term "Region" or Regions" in the name of the business or organization or whether the business ever used the term "Region" of "Regions" in the name of the business or organization. I also sought the following information: 1) The name of the business; 2) identity of the owner or agent of the business; 3) whether the business was an on-going operation or

whether it no longer conducted business; 4) how long the business operated under the name "Region" or "Regions"; 5) how many employees the business had and how many offices it operated from; 6) the nature of the business; 7) its estimated annual sales figures; 8) whether or not Regions Bank or anyone representing themselves as associated with Regions Bank ever contacted them, orally or in writing, concerning their operation and/or their company name; 9) whether it ever received anything from any court concerning Regions Bank; 10) the region, area, city or state where they did business; and 11) if they advertised their business, then in what media (i.e. newspapers, magazines, Yellow Pages, etc.).

5. The following is a summary of the contacts I have been able to make to date. There are a number of additional businesses I have located and contacted but I am still waiting to hear from them, I will supplement this affidavit as additional information in obtained.

SUBTLE, RANDOM & TIMELESS

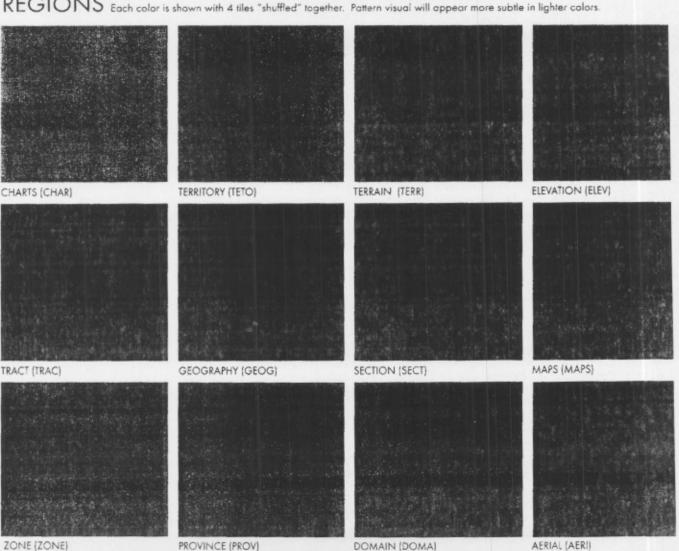

he studied quality of design gives way to randomness in Regions and Topography. Modular carpet that is non-direc in pattern can be arranged in any configuration, with a consistent overall effect.

Primarily linear in design, Regions falls into an unstructured grid, while Topography is underscored with delicate curve organic shapes. In both styles, the interaction of complex tonal elements produces an interesting interplay of colors the visual depth and enhances the sense of texture.

Regions and Topography install easily. As modular tiles, they are designed to fit into a space with very little wasted ma and the random configuration makes these products more efficient. No mistake, no worries-Regions and Topography designed to work any way they are arranged.

Stained or damaged tiles can be replaced one tile at a time, increasing the overall life of the installation. High traffic at can be refreshed with ease.

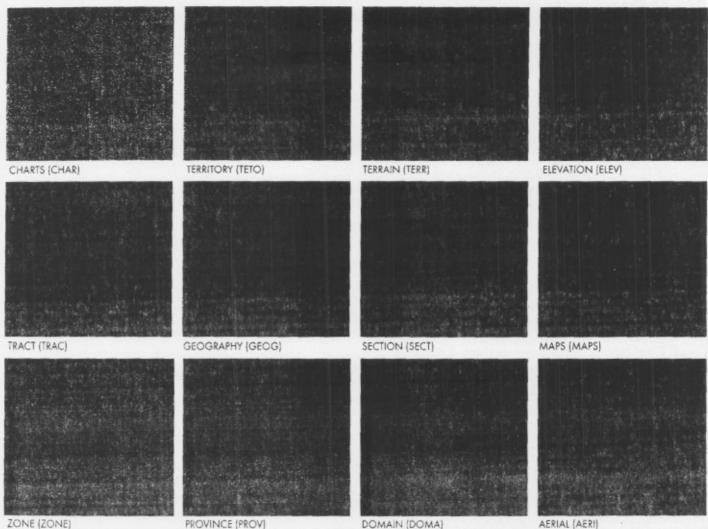

REGIONS Each color is shown with 4 tiles "shuffled" together. Pattern visual will appear more subtle in lighter colors.

NOTE TO APPLICANT: When filed as part of the electronic form (i.e., scanned and attached as an image file), the signature page must include both the signature information and the boilerplate declaration language. Do not include the entire application, but do ensure that the boilerplate declaration language actually appears; a signature by itself will not be acceptable. If, due to browser limitations, the boilerplate declaration language appears on a previous page when printed, you must "merge" the declaration and signature block onto a single page prior to signing, so that the one complete page can be scanned to create an acceptable image file. It is recommended that you copy-and-paste the entire text form into another document, manipulate the spacing there to move the declaration and signature section to a separate page, and then print this new version of the text form to send to the signatory.

EXAMINER'S AMENDMENT

ADVISORY – AMENDMENTS TO GOODS/SERVICES: If the identification of goods and/or services has been amended below, any future amendments must be in accordance with 37 C.F.R. §2.71 (a) and TMEP §1402.07(e).

AMENDMENT(S) AUTHORIZED: No telephone call is required for the amendment listed below. If applicant disagrees with or objects to any of the amendments below, please notify the undersigned trademark examining attorney immediately. Otherwise, no response is necessary. TMEP §707.

file://D:\p2mp\temp\html\OEMS.htm

7/10/2007

This examiner's amendment is supplemental to the examiner's amendment also sent to the applicant's attorney on April 13, 2007.

Classification of Services

The application is amended to classify the goods filed in Class 12 in International Class 21. 37 C.F.R. §2.85; TMEP §1401.03(b).

The decision as to the proper classification of goods or services is a purely administrative matter which is within the sole discretion of the Patent and Trademark Office. *In re Tee-Pak, Inc.*, 164 USPQ 88 (TTAB 1969).

NOTICE OF NEW PROCEDURE FOR E-MAILED OFFICE ACTIONS: In late spring 2007, for any applicant who authorizes e-mail communication with the USPTO, the USPTO will no longer directly e-mail the actual Office action to the applicant. Instead, upon issuance of an Office action, the USPTO will e-mail the applicant a notice with a link/web address to access the Office action using Trademark Document Retrieval (TDR), which is located on the USPTO website at http://portal.uspto.gov/external/portal/tow. The Office action will not be attached to the e-mail notice. Upon receipt of the notice, the applicant can then view and print the actual Office action and any evidentiary attachments using the provided link/web address. TDR is available 24 hours a day, seven days a week, including holidays and weekends. This new process is intended to eliminate problems associated with e-mailed Office actions that contain numerous attachments.

AMENDMENT(S) AUTHORIZED: As authorized by the applicant's attorney, Peter K. Hahn, on April 12, 2007, the application is amended as noted below. If applicant disagrees with or objects to any of the amendments below, please notify the undersigned trademark examining attorney immediately. Otherwise, no response is necessary. TMEP §707.

Disclaimer

The following disclaimer statement is added to the record:

No claim is made to the exclusive right to use "FOUNDRY" apart from the mark as shown.

15 U.S.C. §1056; TMEP §§1213, 1213.03(a) and 1213.08(a)(i).

A disclaimer does *not* physically remove the disclaimed matter from the mark, but rather is a written statement that applicant does not claim exclusive rights to the disclaimed wording and/or design separate and apart from the mark as shown in the drawing.

Correction of Applicant's Name

The applicant's name is American Faucet & Coatings Corporation.

The "s" which was listed at the end of Corporation by the applicant has been deleted.
